

Certified Operator Monthly Inspection Form

Proper facility maintenance is crucial for longevity and compliance. To help ensure proper maintenance, use ADEQ's **Certified Operator Monthly Inspection Form** for conducting monthly water treatment plant or distribution system inspections. Inspection criteria includes critical infrastructure such as:

- Well Heads
- Storage Tanks
- Booster pumps
- Disinfection equipment
- Paperwork/Reporting Requirements

Are you a certified operator of a Grade 1 or Grade 2 water distribution or treatment facility?

If so, please take a quick questionnaire to let us know how you document monthly inspections.

[Take Questionnaire >](#)

Keep in Mind!

Delivering safe drinking water to your system's customers is priority No. 1
