c. PPL Discussion: Ray Morgan announced during the Cottonwood training session (for high strength wastes) that ADEQ product listing for technologies "not expressly provide in rule" are "discouraged". During the ensuing discussion, the position was portrayed as an example of "bad governance" and seemingly in conflict with Governor Ducey's Executive Order about new rules.

d. Stu Spaulding described his unsuccessful experience for using a new treatment technology not described in the Article 3 rule, noted in the September 2016 minutes of OWAC.

e. Disinfection devices - ADEQ continues to allow use of devices not listed per R18-9-A309.E, though the technology is in Article 3, Part E.

4. Fourteen Recommendations Document Review - are there any recommendations that OWAC wants to withdraw?

6. Discussion with Dave Dunaway (**Hold for future reorganization and discussion**):

- ~~a. Please review the components of OWAC recommendations embedded below for the 2013 OWAC PPL, and for Item 2 of the February 14, 2017 Minutes [products could be reviewed on their (performance) testing and functional merits and included in the PPL as an "other reviewed product"]. Please indicate for each recommendation point:~~
- ~~i. is the recommendation point clear or in need of OWAC clarification,~~
 - ~~ii. is any recommendation point not feasible for consideration during ADEQ's policy update efforts, and~~
 - ~~iii. what further OWAC action is desired by ADEQ?~~
 - ~~iv. How and when will ADEQ follow up on OWAC recommendations?~~
