

BIOHAZARDOUS MEDICAL WASTE FACILITY PLAN APPLICATION INSTRUCTIONS

INSTRUCTIONS

Pursuant to the Arizona Revised Statutes (A.R.S.) §49-762.04 and Arizona Administrative Code (A.A.C.) R18-13-1410(A), a person shall obtain a Biohazardous Medical Waste Facility Plan (BMWFP) approval from the Arizona Department of Environmental Quality (ADEQ) to construct any facility that will be used to store, transfer, treat, or dispose of biohazardous medical waste that is generated off-site. Plan approval shall be obtained before starting construction of the biohazardous medical waste treatment, storage, transfer or disposal facility.

This document provides guidance to prepare a BMWFP that is used to store, transfer, treat, or dispose of biohazardous medical waste and is divided into three main parts:

- 1) **Instructions** – The instructions are intended to give you basic information regarding the application process, how long the process may take, and how much it will cost. More detailed information can be obtained by referencing the specific rule citation listed with each application item. Please do not submit the instructions with your application.
- 2) **General Information** – This section includes basic applicant and facility information.
- 3) **Technical Information** – This section requires information regarding the facility and the manner in which the biohazardous medical waste facility will be designed and operated. These submittal items are to be attached to the BMWFP application. To facilitate the processing of your application, ADEQ recommends that you organize all the attachments using a Table of Contents that references the application item number (Ex. “Attachment 1 – Facility Description [Item 11]”). To assist you in this process, ADEQ has prepared a BMWFP checklist which is to be used as an attachment to this application and is designed to assist you in preparing an administratively complete BMWFP submittal. Note: Engineering design drawings and associated calculations must be affixed with the seal of an Arizona registered professional of an appropriate discipline. Also, depending upon the scope of your proposed operations, portions of the checklist may not be applicable to your facility activities.

Please note that authorization to perform biohazardous medical waste transportation activities in accordance with A.A.C. R18-13-1409 is covered under a separate application and approval process.

For assistance or inquiries regarding the application process, please contact ADEQ Solid Waste Unit at (602) 771-4123 or toll free in Arizona at (800) 234-5677, ext. 771-4123.

GENERAL APPLICATION PROCESS

- 1) Applicant submits two (2) bound or stapled copies, and one electronic copy, of the application including the BMWFP attachments, the initial fee, and a cover letter that provides a general overview of the project (briefly describe nature of business, the location of the facility, and at least one general contact and phone number). BMWFP review procedures are provided at A.R.S. §49-762.04. **At least one copy of the application must be submitted with the original Signature.**
- 2) ADEQ reviews application for administrative completeness.
- 3) Applicant satisfies any administrative deficiencies.
- 4) ADEQ issues public notice; 30-day public comment period begins (calendar days).
- 5) Applicant satisfies any substantive deficiencies.
- 6) ADEQ issues a Decision to Grant/Deny the application.
- 7) Public hearing (if needed).
- 8) ADEQ sends the final invoice for application processing.
- 9) Applicant pays the invoice.

If the Department disapproves a BMWFP, it will provide the owner or operator a complete written, detailed rationale for the disapproval per A.R.S. §49-762.04(B). ADEQ’s decision is an appealable agency action per A.R.S. §41-1092.

FEES

A \$10,000 initial fee is required along with your application in accordance with A.A.C. R18-13-702. The permit team assigned to your project will bill at a rate of \$122 per hour up to a maximum fee of \$100,000 in accordance with A.A.C. R18-13-702.

PERMITTEE

The permittee shall be the person responsible for complying with the terms and conditions of the Biohazardous Medical Waste requirements of A.A.C. R18-13-1401 et seq., and the issued BMWFP approval. The “permittee” may be more than one entity including the facility owner and the facility operator, should they be two separate entities.

HOW LONG DOES THE APPLICATION PROCESS TAKE?

Licensing Time Frames (LTF) are specified by ADEQ in A.A.C. R18-1-525, which limits the number of business days (excludes Saturdays, Sundays and Holidays) ADEQ can review your project without a penalty. The LTF clock can be stopped by the ADEQ during the administrative review if necessary data is missing. The LTF clock can be stopped during the substantive review to request additional technical information or technical clarification from the applicant. Whether or not a public hearing is held depends on the types and number of comments received during the public comment period.

The LTF for an individual permit automatically defaults to “Biohazardous Medical Waste (no public hearing).” ADEQ may re-assign the license time if a public hearing is required in accordance with A.A.C. R18-9-501(9).

License Type	Administrative Completeness Review	Substantive Review	Overall Time Frame
Biohazardous Medical Waste (no public hearing)	32	62	94
Biohazardous Medical Waste (with public hearing)	32	124	156

WITHDRAWING YOUR APPLICATION

An application may be withdrawn by the applicant at any time during the application process in accordance with A.A.C. R18-1-517. You may withdraw your application by submitting a written request to the Solid Waste Unit Manager. Withdrawing your application causes the LTF to cease. A final bill will be assessed at the time of withdrawal.

WHERE DO I SUBMIT MY APPLICATION?

Submit your application to:

Arizona Department of Environmental Quality
Waste Programs Division, Solid Waste Unit
1110 West Washington Street
Phoenix, AZ 85007

WHERE DO I GET HELP?

A copy of the rules and statutes relating to Biohazardous Medical Waste Facility permitting and BMWFP approvals can be found at: http://apps.azsos.gov/public_services/Title_18/18-13.pdf and <http://www.azleg.gov/arsDetail/?title=49>. It is strongly recommended that you review the applicable rules and statutes to ensure that you provide a complete and accurate application. ADEQ recommends scheduling a pre-application meeting to go over the various details of the program. During the application process, you are encouraged to communicate with the project team to resolve any issues that may arise during the process.

Pursuant to Arizona Revised Statutes (A.R.S. § 41-1030):

- (1) ADEQ shall not base a licensing decision, in whole or in part, on a requirement or condition not specifically authorized by statute or rule. General authority in a statute does not authorize a requirement or condition unless a rule is made pursuant to it that specifically authorizes the requirement or condition.
- (2) Prohibited licensing decisions may be challenged in a private civil action. Relief may be awarded to the prevailing party against ADEQ, including reasonable attorney fees, damages, and all fees associated with the license application.
- (3) ADEQ employees may not intentionally or knowingly violate the requirement for specific licensing authority. Violation is cause for disciplinary action or dismissal, pursuant to ADEQ's adopted personnel policy. ADEQ employees are still afforded the immunity in A.R.S. §§ 12-821.01 and 12-820.02.
