DRINKING WATER ANALYSIS REPORTING FORM (DWAR)  
FOR WATER SYSTEMS USING SURFACE WATER OR  
GROUNDWATER UNDER THE INFLUENCE OF SURFACE WATER  
DWAR 15A&B + 18A Combined, Revised 2023

Submit this form to [WQD\\_Compliance\\_Data@azdeq.gov](mailto:WQD_Compliance_Data@azdeq.gov)  
Reports are due *no later than* the 10<sup>th</sup> day of each month, reporting for the previous month

**This Form is For Systems Purchasing Finished Surface Water**

**PUBLIC WATER SYSTEM INFORMATION**

Date Reporting to ADEQ:

Month and Year Covered in Report:

PWS #:

PWS Name:

Contact Name:

Email:

Purchased water source PWS#:

**RESIDUAL DISINFECTANT CONCENTRATION**

**DISTRIBUTION SYSTEM**

Systems using surface water, including purchased surface water, must sample Residual Disinfectant Concentration in the Distribution System at the same time(s) and location(s) as Total Coliform Sampling, *including any repeat sampling*. These disinfectant residual samples are *also* used for Maximum Residual Disinfectant Level (MRDL) reporting.

**Systems utilizing this new form and reporting monthly  
are not required to also submit MRDL Form 18A.**

1.Total number of monthly samples taken in the Distribution System?

2.How many samples were below detection limits (e.g. <0.001 mg/L)?

3.How many measurements were above 4 mg/L?

**Data Entry: MRDL**

4.Monthly Average Disinfectant Level, in mg/L:

**Data Entry: MRDL**
