Financial Responsibility (FR) Requirements:

You paid for UST insurance. Don't waste it!

As the tank owner and/or operator YOU are responsible for cleaning up contamination associated with your UST system. We want you to be aware that your financial assurance mechanism may require you to provide them PRIOR notice of certain tank-related activities.

For most UST owners and operators in Arizona, your financial assurance mechanism is UST insurance. To preserve your rights to make a claim if contamination is found, you must comply with all the conditions in your policy. For example: you may be required to notify your insurance company prior to UST removal or there may be strict time limits on when you must notify them if contamination is discovered. Don't take the risk that you will have to pay for clean-up because you did not know your policy requirements.

If you rely upon UST insurance to demonstrate compliance with financial responsibility requirements, please provide the following:

Insurance Provider Company Name

Policy Number

Insurance Provider Contact Name

Provider Contact Phone Number
