

## PROPOSED TERMINATION OF APPROVED CORRECTIVE ACTION PLAN

The Arizona Department of Environmental Quality (ADEQ) is providing notice that a Corrective Action Plan (CAP) is being considered for termination under Arizona Administrative Code (A.A.C.) R18-12-263.02(J). The CAP contained a proposal to demonstrate proposed corrective actions would be protective of public health, welfare and the environment for the following site:

**LUST Case File #3215.01**  
**LUST Case File #3215.02**  
**Facility ID # 0-000648**  
**La Paz County**

**Premium unleaded gasoline product piping**  
**Premium unleaded gasoline product piping**  
**Quik Chek Market**  
**26 West Main Street**  
**Quartzsite, Arizona 85346**

ADEQ has decided to terminate the CAP based on the following rationale:

- 1) The most recent report submitted and titled *Periodic Site Status Report*, which was received on December 16, 2015, indicated that current site conditions are not optimal to effectively remediate the site using monitored natural attenuation. Therefore, the approved remedial method in the CAP is no longer applicable.
