

PUBLIC NOTICE

YOU HAVE A VOICE IN AIR POLLUTION CONTROL IN ARIZONA

The Arizona Department of Environmental Quality (ADEQ) has reached a preliminary determination and is proposing to renew the Dust Action General Permit. This permit contains requirements from Arizona Revised Statute 49-457.

The Dust Action General Permit is a renewal of the current permit that will expire on December 31, 2016. The Dust Action General Permit identifies a series of Best Management Practices (BMPs) for specific dust generating operations. When ADEQ's Maricopa County Dust Control Forecast predicts that a day is at high risk for dust generation, those dust generating operations that are not already required to control dust through a permit issued by the Arizona Department of Environmental Quality (ADEQ) or the Maricopa County Air Quality Department (MCAQD) are expected to choose and implement at least one BMP to reduce or prevent PM₁₀ emissions.

You have an opportunity to submit written comments on the permit, and make oral comments on the permit at the public hearing. The public hearing is set for Monday, December 12, 2016, and will be held at ADEQ, 1110 West Washington Street, Phoenix, AZ 85007, in Conference Room 3175, at 3 p.m. to 4 p.m. The written comment shall include the name, mailing address, signature of commenter and/or their agent or attorney and shall clearly set forth reasons why the permit should or should not be issued. Grounds for comment are limited to whether the permit meets the criteria for issuance spelled out in the state air pollution control laws or rules.

The draft permit is available for review Monday through Friday between 8:30 a.m. and 4:30 p.m., at the [ADEQ Records Center](#), at 1110 West Washington Street, Phoenix, Arizona. Please call (602) 771-4380 or email recordscenter@azdeq.gov 48 hours in advance to schedule an appointment to review the file. The draft permit may be viewed online at www.azdeq.gov by accessing the notice on the Events and Notices Calendar for the date of this public notice.

The public notice period is in effect from November 11, 2016 to December 12, 2016. Comments may be submitted in writing to: [Balaji Vaidyanathan](#), Facilities Emissions Control Section Manager, ADEQ, 1110 West Washington Street, 3415A-1, Phoenix, AZ 85007 or via e-mail bv1@azdeq.gov. Comments must be received by December 12, 2016.

ADEQ will consider all comments received in making a final decision on the proposed permit. Everyone commenting will receive notification of the final decision. People who file comments on the permit will have the right to appeal the final decision as an appealable agency action to the Office of Administrative Hearing (OAH) pursuant to §41.1092.03, and the appeal must be filed within thirty (30) days after the issuance of the final decision. The OAH may sustain, modify, or reverse the final decision.
