Sunday

Stagnation: Morning and evening stagnation

Wind: Southwest winds of 10-20 mph

Monday

Stagnation: Morning and evening stagnation

Wind: Southwest winds of 5-15 mph

Forecast Discussion

We are looking at calm weather conditions the next couple days, but winds are forecast to pick up beginning Friday with a weather system moving into the region. At this time we don't expect these winds to be strong enough to cause any significant dust issues. Therefore, we are forecasting the dust risk level to remain Low through the forecast period.
