

ENGINEERING REVIEW INSTRUCTIONS FOR AN ALTERNATIVE REQUEST (A312G) FOR TYPE 4 GENERAL PERMIT APPLICATIONS

Instructions

Please fill out and submit this Alternative Design Request (A312G) to the Department along with any additional information necessary for approval. The A312G for a Type 4 General Permit must be submitted along with the Notice of Intent to Discharge. The Department may accept or reject each A312G separately based on the information submitted with each request. In accordance with Arizona Administrative Code (AAC) R18-9-A312(G)(6) the Department my reject an alternative design request for the following reasons:

- a. The A312G fails to achieve equal or better performance compared to the general permit requirement;
- b. The A312G fails to address site or system conditions more satisfactorily than the general permit requirement;
- c. The A312G is insufficiently justified based on the information provided in the submittal;
- d. The A312G requires excessive review time, research, or specialized expertise by the Department to act on the request; or
- e. For any other justifiable cause.

The Department will not approve an A312G for a deviation to the Arizona Administrative Code. An A312G can only be submitted for and alternative design, setback, installation, or operational feature or as otherwise noted in rule.

GENERAL APPLICATION PROCESS

- 1. Submit this request and appropriate supplemental information with the appropriate Notice of Intent for Type 4 General Permits. Please see the document entitled <u>Application Submittal Locations</u> to determine where to submit your application (county, city, regional office).
- 2. Remit the applicable non-refundable general permit fee per A.A.C. R18-14-108, Table 5 (listed below). Review fees established by delegated counties or cities may differ.
- 3. Satisfy any deficiency requests arising from the Department's pre-construction review of the submitted information.
- 4. Receive a "Construction Authorization" from the Department authorizing construction of the wastewater treatment facility.
- 5. Construct the wastewater treatment facility within two years.
- 6. Upon completion of construction, submit the <u>Request for Discharge Authorization</u> and any additional required information to the Department to initiate the Department's post-construction review and inspection.
- 7. Satisfy any deficiency request arising from the Department's post-construction review of the facility.
- 8. Receive a "Discharge Authorization" from the Department, which authorizes operation of the septic tank in accordance with the terms of the Type 4.01 to 4.23 General Aquifer Protection Permits and applicable requirements of statute and rule.

FEES

Fees for Type 4 A312G Alternative Requests are listed in the table below.

Fee Type	Description	Fee
A312G Request, Sewage	Alternative Design, Setback, Installation, or Operational Feature Request, each	\$750
Collection System	Alternative Design, Setoack, histanation, of Operational Feature Request, each	\$730
A312G Request, On-site	Alternative Design Sethanh Installation on Operational Feature Descript	\$250
Wastewater Treatment System	Alternative Design, Setback, Installation, or Operational Feature Request, each	\$250

LICENSING TIME FRAMES

Licensing Time Frames are specified by Arizona Department of Environmental Quality in A.A.C. R18-1-525, which limits the number of business days ADEQ can review your project without a penalty. They are:

Application Type	Administrative Completeness Review	Substantive Review	Overall Time Frame
A312G Alternative Request	*	8	*

^{*} Note that each request for an alternative design, installation, or operational feature under A.A.C. R18-9-A312(G) to a Type 4 General Permit adds eight business days to the substantive review time-frame.
