NOTICE OF INTENT

The system may use this form to provide notice to ADEQ or MCESD (if MCESD regulated), if the system intends to skip the *E. coli* sampling, and sample for *Cryptosporidium* instead.

Notice of Intent to Sample for *Cryptosporidium*, instead of *E. coli*:

- Schedule 4 systems may choose to forgo *E. coli* sampling, and sample instead for *Cryptosporidium*, and must submit written notification of their intent to sample for *Cryptosporidium* to ADEQ or MCESD, no later than July 1, 2017
- Alternatively, a system that chooses to conduct *E. coli* sampling, may stop sampling for *E. coli* at any time, and notify ADEQ or MCESD that the system will instead conduct *Cryptosporidium* sampling.
- Any system that elects to stop *E. coli* sampling must notify ADEQ or MCESD as soon as possible, and obtain regulatory approval prior to initiation of the system's *Cryptosporidium* monitoring. This form is an example of the necessary written notification.

NOTE: Systems must:

- *Begin Cryptosporidium sampling (Schedule 4 Systems only) no later than April 1, 2019 and*
- *Submit their sampling schedule for Cryptosporidium to ADEQ or MCESD no later than 3 months prior to beginning their Cryptosporidium sampling, and*
- *Obtain approval prior to beginning Cryptosporidium sampling.*

This notice signifies the system's intent to conduct Cryptosporidium sampling instead of E. coli sampling to comply with the LT2ESWTR, which will begin no later than: _____
