

## NOTICE OF INTENT TO DISCHARGE FOR A TYPE 2 GENERAL PERMIT

### INSTRUCTIONS

Every person who applies for a Type 2 general permit, as provided by Arizona Administrative Code (A.A.C.) Title 18, Chapter 9, Article 3, must file a Notice of Intent to Discharge (NOI) required by A.A.C. R18-9-A301(B). In addition to this form, applicants must complete the appropriate NOI Supplemental Form. A separate NOI form and NOI Supplemental form must be completed for each discharging facility (i.e., unit, discharge point) intended to be covered under a general permit. A person intending to operate under a general permit must comply with all the provisions of the general permit and other applicable requirements of statute and rule.

### GENERAL INFORMATION

A Type 2 General Permit requires notification to the agency of activities to be conducted. A Type 2 general permit does not require an ADEQ response, however, ADEQ will send you a notice confirming receipt of your NOI. If you do not answer all of the questions, your submittal will not satisfy the requirements in A.A.C. R18-9-A301(A)(2) or R18-9-A301(B) and your activities will not qualify for coverage under a Type 2 general permit.

A Type 2 General Permit needs to be renewed as follows:

General Permit Type	Description	Renewal Period in Years
2.02	Intermediate Stockpiles at Mining Sites	7
2.03	Hydrologic Tracer Studies	2
2.05	Capacity, Management, Operation, and Maintenance of a Sewage Collection System	5
2.06	Fish Hatchery Discharge to a Perennial Surface Water	5

Please use the form entitled “Discharge Authorization Renewal Form for a Type 2 General Permit” to renew your permit.

### APPLICATION REQUIREMENTS

Persons must:

- 1) Meet the applicable requirements of Article 3, Part A and the specific terms of the Type 2 General Permit;
- 2) File the appropriate NOI forms and supplemental information; and
- 3) Pay the NON-REFUNDABLE general permit fee (see next section), which are flat rate fees specified in A.A.C.R18-14-102(C).

### FEES

A Type 2 General Permit has a flat fee cost of Standard / Complex. Only a Type 2.02 General Permit is considered Complex and will require a complex fee. Other Type 2 General Permits will require the standard fee. If a site contains more than one facility, a separate NOI and NOI Supplemental Form along with the flat fee cost is required for each facility.

Applicable ADEQ review fees are listed on website: [azdeq.gov/GroundwaterGenPermitsFees](http://azdeq.gov/GroundwaterGenPermitsFees)

### SUBMITTAL REQUIREMENTS FOR MULTIPLE FACILITIES LOCATED AT THE SAME LOCATION

A separate NOI and supplement must be submitted for each facility (drywell, stockpile, etc.).

### HOW LONG DOES IT TAKE

As soon as you submit the application requirements listed above you are covered by this general permit. As mentioned above, ADEQ will send you a notice confirming receipt of your NOI. If you do not answer all of the questions, your submittal will not satisfy the requirements in A.A.C. R18-9-A301(A)(2) or R18-9-A301(B) and your activities will not qualify for coverage under a Type 2 general permit.

Submit the Type 2.02, 2.03, and 2.06 electronically to [groundwaterpermits@azdeq.gov](mailto:groundwaterpermits@azdeq.gov)
