

**NOI SUPPLEMENT FOR A  
TYPE 2.05 GENERAL PERMIT  
CAPACITY, MANAGEMENT, OPERATION, AND MAINTENANCE OF A SEWAGE  
COLLECTION SYSTEM**

**OVERVIEW**

A 2.05 General Permit allows a permittee to manage, operate, and maintain a sewage collection system under the terms of a Capacity, Management, Operation, and Maintenance (CMOM) Plan that complies with subsection Arizona Administrative Code R18-9-C305. The Department considers a sewage collection system operating in compliance with an AZPDES permit that incorporates provisions for capacity, management, operation, and maintenance of the system to comply with the provisions of this general permit regardless of whether a Notice of Intent to Discharge for the system was submitted to the Department.

**SUPPLEMENTAL APPLICATION REQUIREMENTS:**

**1 Notice of Intent to Discharge (NOI) (Check Box if Complete)**

I have completed the form titled "Notice of Intent to Discharge for a Type 2 General Permit".

**2 Sewage Collection System and Sewage Treatment Facility Information**

The name and ownership of any downstream sewage collection system and sewage treatment facility that receives sewage from the applicant's sewage collection system (attach additional pages if necessary).

| Name of Sewage Collection System or Treatment Facility | Permit Number |
|--|---------------|
|  |               |
|  |               |
|  |               |
|  |               |
|  |               |
|  |               |
|  |               |
|  |               |

**3 Service Area Map (Check Box if Complete)**

A map of the service area for which general permit coverage is sought, showing streets and sewage service boundaries for the sewage collection system is attached.

**4 CMOM Plan (Check One)**

The CMOM Plan is in effect and the principal officer or ranking elected official of the sewage collection system has approved the plan.

Yes       No

**5 CMOM Plan (Check One)**

The local ordinance requires an onsite wastewater treatment facility to hookup to the sewage collection system.

Yes       No
