Collection Log
experienced sample collectors

Sample collected. Your drinking water sample cannot be tested at the lab with each sample. In addition, the sample cannot be tested unless the Sample Identification Number matches the number on the sample container label.

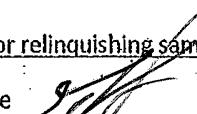

☒ Check this box to confirm that water had not been used at this tap or other taps in the area for 6 hours and no flushing was done prior to sampling

01

1. The first part of the report
describes the general situation
of the country in 1950.
It is a very good example
of the type of report
which is required.

2. The second part of the report
describes the results of the
survey conducted in 1951.
It is a very good example
of the type of report
which is required.
