RE: Copper World LLC – Point of Compliance Ambient Groundwater Monitoring Report Update and Revised Recommendation, Copper World Project, Helvetia, Arizona, dated August 14, 2026.

Dear Mr. Ralston,

Per our recent discussion, Copper World LLC (CW) is pleased to provide you and the Arizona Department of Environmental Quality (ADEQ) with the attached letter entitled, *Point of Compliance Ambient Groundwater Monitoring Report Update and Revised Recommendation, Copper World Project, Helvetia, Arizona*.

We plan to conduct additional ambient groundwater monitoring on a monthly basis for sixteen well-constituent combination wells. The anticipated additional monitoring will continue through December 2026 at a minimum and may extend longer if outliers are identified in the dataset. A technical report summarizing the additional monitoring data will be submitted to the ADEQ at the completion of these additional field-testing activities.

Please do not hesitate to contact me at 520-343-5174 (cell) or via e-mail at holly.beggy@hudsonbayminerals.com if you have any questions regarding this submittal.

Sincerely,

A handwritten signature in blue ink that reads "Holly Beggy".

Holly Beggy
Environmental Superintendent
