

APACHE GENERATING STATION SOLID WASTE LANDFILL COCHISE COUNTY, ARIZONA

Pursuant to Arizona Administrative Code (AAC), Title 18, Chapter 9, Article 1, the Director of the Arizona Department of Environmental Quality (ADEQ) intends to issue an amended Aquifer Protection Permit (APP) to Arizona Electric Power Cooperative, Inc., for the Apache Generating Station (AEPCO) Solid Waste Landfill. AEPCO Solid Waste Landfill is located at 3525 North Hwy 1919 South, Cochise, Arizona, 85606. **This notice commences a 30-day written public comment period from March 27, 2019 through April 26, 2019.**

The AEPCO Solid Waste Landfill has been in operation since 2002. This amendment proposes three significant modifications to the existing solid waste facility plan approval: the installation of landfill gas monitoring wells, replacement of the existing, dry point of compliance and upgradient groundwater wells, and the implementation of a landfill gas and revised groundwater sampling and monitoring program. No change in the vertical height or horizontal boundaries (landfill footprint) is requested. A baseline and routine groundwater monitoring plan has been proposed for the new point of compliance groundwater well.

The complete record is available at the ADEQ Phoenix Office at 1110 West Washington Street and may be reviewed from 8:30 a.m. to 4:00 p.m. Monday through Friday, excluding State holidays. To arrange an appointment to review this record at ADEQ, contact the ADEQ Records Center at (602) 771-4380.

ADEQ invites all interested persons to submit written comments concerning the proposed development. All written comments must be signed by the person making the comments and include his/her name and address. **All comments must be submitted to ADEQ post-marked by the close of the public period on April 26, 2019.** Submit your comments to:
