NON-MUNICIPAL SOLID WASTE LANDFILL
PIMA COUNTY, ARIZONA**

Pursuant to Arizona Administrative Code (AAC), Title 18, Chapter 9, Article 1, the Director of the Arizona Department of Environmental Quality (ADEQ) intends to issue an Aquifer Protection Permit (APP) to The Fairfax Companies, L.L.C., for Tank's Wilmot Recycling and Landfill Facility (TWRLF) Non-Municipal Solid Waste Landfill. The landfill cover system shall not exceed the height of the existing ground surrounding the horizontal boundary (landfill footprint). A baseline and routine groundwater monitoring plan has been proposed for the initial and future point of compliance groundwater monitoring wells. A gas monitoring plan has been proposed, which includes the installation of gas monitoring probes every five-hundred (500) feet around the TWRLF waste footprint boundary as landfilling progresses, and with the sampling and analysis of gas monitoring probes conducted quarterly.
