

PROPOSED TERMINATION OF APPROVED CORRECTIVE ACTION PLAN

The Arizona Department of Environmental Quality (ADEQ) is providing notice in accordance with Arizona Administrative Code (A.A.C.) R18-12-264.01, that a Corrective Action Plan (CAP) associated with a release from an underground storage tank (UST) system is being considered for termination. The CAP that was submitted on June 22, 2012 by Environmental Technology, Inc. (EnTech), and approved by ADEQ on March 13, 2013, is being considered for termination under A.A.C. R18-12-263.02(J).

The decision to terminate the CAP is based on the fact that corrective action goals are no longer applicable due to current site conditions. The soil vapor extraction has become asymptotic, groundwater elevation onsite has dropped leaving the air sparge wells dry and inoperable, and EnTech will be collecting groundwater samples to demonstrate groundwater plume stability through ADEQ's Preapproval Program. EnTech will be collecting data to support R18-12-263.04 closure onsite within the next year. ADEQ will ensure that future actions conducted at this location will adequately address corrective action goals and result in closure of the case.

The public notice and related documentation are available for public review, Monday through Friday, 8:30 a.m. to 4:30 p.m., at the [ADEQ Records Center](#), 1110 W. Washington St., Phoenix, Arizona, 85007. In Phoenix, please call (602) 771-4380 or e-mail recordscenter@azdeq.gov 24 hours in advance to schedule an appointment to review the file.

All written comments received by ADEQ by the close of business on the date 30 days after publication of this notice will be reviewed prior to completing the CAP termination. ADEQ will consider all submitted written comments and reserves the right to respond to those comments following the public comment period. If sufficient public interest is demonstrated during the public comment period, ADEQ may announce and hold a public meeting. For more information on this notice, please contact the Project Manager, Garrett Tabor at (602) 771-4269 or at tabor.garrett@azdeq.gov.
