VOLUNTARY REMEDIATION PROGRAM (VRP) SITE
REQUEST FOR NO FURTHER ACTION DETERMINATION**

The Arizona Department of Environmental Quality (ADEQ) Voluntary Remediation Program (VRP) has received a No Further Action (NFA) determination request for soil for the APS Former Miami Manufactured Gas Plant (MGP) VRP Site (VRP Site Code 501691-00) located near Latham Boulevard and U.S. Highway 60 in the Town of Miami, Arizona. The NFA was submitted in accordance with Arizona Revised Statute §49-181.

APS contractors excavated and removed soils impacted by the historical MGP operation. The excavated soil has been replaced by clean fill dirt. This method allowed APS to achieve residential soil standards, the highest level of remediation.
