[1] For generator sets, enter the maximum rated capacity of the engine rather than the maximum rated capacity of the generator.

All relevant equipment utilized at the facility should be included in the equipment list. Please complete all fields.

The date of manufacture must be included in order to determine applicability of regulations.

Indicate the units (tons/hour, horsepower, etc.) when recording the maximum rated capacity.

Make additional copies of this form if necessary.

***Submit photographs of the faceplates for all engines listed above.**

*If an engine is certified, please also include a copy of the engine certification with the application.

*For any newly added equipment, include a copy of the specification sheet.

*These documents will be used to verify equipment information and determine applicable regulations.
