

## PROPOSED LEAKING UST (LUST) CASE CLEANUP

The Arizona Department of Environmental Quality (ADEQ) is providing notice in accordance with Arizona Administrative Code R18-12-264.01, that a Corrective Action Plan (CAP) was submitted to the ADEQ on **March 27, 2017**. The CAP contains a proposal to clean up petroleum contamination from an underground storage tank system at the following facility:

**LUST Case File # 392.04-.07**  
**Facility ID # 0-006261**  
**Yuma County**

**Shell #10**  
**11235 S Fortuna Road**  
**Yuma, Arizona 85367**

The proposed activities include the following cleanup technologies that will be used to obtain the cleanup levels that are protective of public health, welfare and the environment:

### **Dual Phase Extraction (DPE)**

Contaminated soil and groundwater will be treated using a DPE system. A DPE system extracts soil vapors and contaminated groundwater from the impacted area. The vapors will be treated before being emitted to the atmosphere so that emissions do not exceed levels specified in any air quality permit issued by the county, city or state. Groundwater will be pumped to an aboveground treatment system that removes contaminants in the water. The treated groundwater will then be reinjected into the subsurface.

### **How to Review the Submitted Document and LUST Case File**

The document titled *Feasibility Study and Interim Corrective Action Plan* and the remainder of the LUST case file are available for review at the ADEQ Records Center, located at 1110 West Washington Street, Suite 140, Phoenix, Arizona 85007. To review the file, you may call the Records Center at (602) 771-4380 or visit their website at <http://azdeq.gov/records-center>.

### **How to Submit Comments**

Comments regarding the submitted document or LUST case closure for this site should be submitted in writing to the Arizona Department of Environmental Quality, Waste Programs Division, Attention: Heather Flowers, 1110 W. Washington Street, Phoenix, AZ 85007. Comments sent to the ADEQ during **September 18, 2017 to October 18, 2017** will be considered in ADEQ's evaluation for Corrective Action Plan approval.

**Additional Information**

If sufficient public interest is demonstrated during the public comment period, ADEQ may hold a public meeting in accordance with A.A.C. R18-12-264.01(C). If a public meeting is to be held, ADEQ will schedule and notify the public in accordance with A.A.C. R18-12-264.01(A) of the meeting time and location.
