

CERBAT LANDFILL MOHAVE COUNTY, ARIZONA

The Arizona Department of Environmental Quality (ADEQ) has received an application for a Type IV change to the solid waste facility plan from Mohave County, for the Cerbat Landfill located at 7300 Mineral Park Road, Golden Valley, Arizona 86413. The Type IV change proposes a vertical and lateral expansion for an additional disposal volume of approximately 2.7 million cubic yards of airspace. **This notice commences a 30-day written public comment period from December 31, 2017 through January 29, 2018.**

The Cerbat Landfill is a 320-acre municipal solid waste landfill that has been in operation since 1989. The Type IV change proposes a vertical expansion of 52 feet, which corresponds to a total height of 154 feet above original ground elevation, and a lateral expansion consisting of a new municipal waste cell, Cell 6, of approximately 8.4 acres. The capacity of proposed lateral expansion plus the vertical expansion will provide an additional disposal volume of approximately 2.7 million cubic yards of airspace. The installation of one additional groundwater monitoring well is proposed as part of the construction of Cell 6.

The complete record is available at the ADEQ Phoenix Office at 1110 West Washington Street and may be reviewed from 8:30 a.m. to 4:00 p.m. Monday through Friday, excluding State holidays. To arrange an appointment to review this record at ADEQ, contact the ADEQ Records Center at (602) 771-4380.

ADEQ invites all interested persons to submit written comments concerning the proposed development. All written comments must be signed by the person making the comments and include his/her name and address. **All comments must be submitted to ADEQ post-marked by the close of the public period on January 29, 2018.** Submit your comments to:
