

**PUBLIC NOTICE**  
**DRAFT AQUIFER PROTECTION PERMIT NO. P-51185900 (LTF # 64529)**  
**DURHAM REGIONAL LANDFILL**  
**NON-HAZARDOUS LIQUID WASTE SOLDIFICATION FACILITY**

Pursuant to Arizona Administrative Code (AAC), Title 18, Chapter 9, Article 1, the Director of the Arizona Department of Environmental Quality (ADEQ) intends to issue an Aquifer Protection Permit (APP) to Durham Regional Landfill, LLC (DRL), for the DRL Non-Hazardous Liquid Waste Solidification Facility. The DRL is located at 22316 South Harmon Road, Florence, Arizona, 85132. **This notice commences a 30-day written public comment period from May 11, 2017 through June 09, 2017.**

The DRL has been in operation since March 2015. The proposed permit allows solidification of non-hazardous industrial liquid waste in lined trenches within the future landfill footprint. The design of the facility consists of three (3) side by side trenches within an approximately 2-acre lined structure designed to contain all liquid waste. In addition, this APP grants a permission to solidify non-industrial liquid waste on in situ soil during excavation of the future cells.

The maximum rate of discharge of liquid waste will be 30,000 gallons/day into the lined trenches, and 50,000 g/d within future cells footprint during cell excavation. The trenches within the lined evaporation pond will be constructed with double-lined 60-mil HDPE geomembrane and leak detection sumps. The pond will have a geosynthetic clay liner (GCL) underneath the HDPE geomembrane liner to minimize the potential for discharge. Groundwater monitoring and daily inspections will be required to ensure compliance with all permit conditions and protection of the environment.

The complete record is available at the ADEQ Phoenix Office at 1110 West Washington Street and may be reviewed from 8:30 a.m. to 4:00 p.m. Monday through Friday, excluding State holidays. To arrange an appointment to review this record at ADEQ, contact the ADEQ Records Center at (602) 771-4380.

ADEQ invites all interested persons to submit written comments concerning the proposed permit. All written comments must be signed by the person making the comments and include his/her name and address. **All comments must be submitted to ADEQ postmarked by the close of the public comment period on June 09, 2017.** Submit your comments to:

Tracy Neal, Manager  
Solid Waste Unit  
Arizona Department of Environmental Quality  
1110 West Washington Street  
Phoenix, Arizona 85007

ADEQ will review and respond to all written comments. If the Director finds a significant degree of public interest in the proposed permit, or he finds that a hearing may clarify one or more issues involved in the permit approval, the Director will schedule a public hearing on this matter.

ADEQ will take reasonable measures to provide access to department services to individuals with limited ability to speak, write, or understand English and/or to those with disabilities. Requests for language interpretation services or for disability accommodations must be made at least 48 hours in advance by contacting: 7-1-1 for TDD; (602) 771-2215 for Disability Accessibility; or Ian Bingham, Title VI Nondiscrimination Coordinator at (602) 771-4322 or [idb@azdeq.gov](mailto:idb@azdeq.gov). Disclaimer: Any ADEQ translation or communication in a language other than English is unofficial.

ADEQ tomará medidas razonables para proveer acceso a los servicios del departamento para personas con capacidad limitada para hablar, escribir o entender Inglés y / o para las personas con discapacidad. Las solicitudes de servicios de interpretación del lenguaje o de alojamiento de discapacidad deben hacerse por lo menos 48 horas de antelación poniéndose en contacto con Ian Bingham, Title VI Nondiscrimination Coordinator al (602) 771-4322 o [idb@azdeq.gov](mailto:idb@azdeq.gov).
