

**NOTICE OF HAZARDOUS SUBSTANCE LISTING AND AVAILABILITY  
WATER QUALITY ASSURANCE REVOLVING FUND (WQARF)  
REMEDIAL INVESTIGATION AND FEASIBILITY STUDY**

The Arizona Department of Environmental Quality (“ADEQ”) has placed the Lake Havasu Avenue and Holly Avenue site on the WQARF registry as of December 4, 2017, pursuant to Arizona Revised Statute (A.R.S.) §289.01, will be performing a remedial investigation and feasibility study and has provided notice as per A.R.S. §289.02.

The Lake Havasu Avenue and Holly Avenue site in Lake Havasu City is bounded by Kiowa Boulevard to the north, Holly Avenue to the south, San Juan Drive to the east, and Cactus Wren Drive to the west. The boundaries described are intended to provide the public with the basic information regarding the estimated geographic extent of the currently known contamination. The actual extent of the contamination may differ; therefore the geographic boundaries may change as new information becomes available.

The site score is 50 out of 120. The site score is based upon a review of available information regarding the presence of hazardous substances at the site. The scoring of a site, its relative score, or its placement on the registry does not necessarily represent a determination that the release of a hazardous substance from the site poses a threat to human health or welfare or the environment. The contaminants of concern are tetrachloroethene (PCE), trichloroethene (TCE), 1,1-dichloroethene (1,1-DCE), 1,2-dichloroethane (1,2-DCA), nitrate and hexavalent chromium.

Pursuant to A.R.S. §49-287.03, ADEQ has developed a fact sheet, a community involvement plan outline and a scope of work for the remedial investigation and feasibility study at the site. These documents are available for public inspection. Any person, by agreement with the department, may develop and implement a work plan for the remedial investigation and the feasibility study. Any person who wishes to enter into an agreement can contact the project manager Mel Bunkers at [bunkers.mel@azdeq.gov](mailto:bunkers.mel@azdeq.gov)

A public meeting may be held if significant interested exists. Copies of the fact sheet, scope of work, community involvement plan outline and other documents related to the site is available online at: <http://www.azdeq.gov/node/3946> and at the ADEQ Records Center, 1110 W. Washington St., Phoenix, (602) 771-4380, or (800) 234-5677, ext. 6027714380; please call for hours of operation and to schedule an appointment.

Dated this 20th day of February, 2018  
Mel Bunkers RG, ADEQ Project Manager
