

SOUTHWEST REGIONAL LANDFILL BUCKEYE, MARICOPA COUNTY, ARIZONA

The Arizona Department of Environmental Quality (ADEQ) has received an application for a Type IV change to the solid waste facility plan from Republic Services, Inc., for the Southwest Regional Landfill located at 24427 S. State Route 85, Buckeye, Arizona 85326. The Type IV change proposes a vertical and lateral expansion for additional disposal volume of approximately 80 million cubic yards of airspace. **This notice commences a 30-day written public comment period from September 9, 2018 through October 8, 2018.**

The Southwest Regional Landfill is a 305-acre municipal solid waste landfill that has been in operation since 1997. The Type IV change proposes a vertical expansion of 110 feet, which corresponds to a total height of 1,200 feet above mean sea level, and a lateral expansion of approximately 375 acres. The capacity of proposed lateral expansion plus the vertical expansion will provide an additional disposal volume of approximately 80 million cubic yards of airspace. The installation of one additional groundwater monitoring well is proposed as part of the application and revisions to the final grading, drainage plan, and groundwater monitoring program.

The complete record is available at the ADEQ Phoenix Office at 1110 West Washington Street and may be reviewed from 8:30 a.m. to 4:00 p.m. Monday through Friday, excluding State holidays. To arrange an appointment to review this record at ADEQ, contact the ADEQ Records Center at (602) 771-4380.

ADEQ invites all interested persons to submit written comments concerning the proposed development. All written comments must be signed by the person making the comments and include his/her name and address. **All comments must be submitted to ADEQ post-marked by the close of the public period on October 8, 2018.** Submit your comments to:
