

## **PUBLIC NOTICE**

### **YOU HAVE A VOICE IN AIR POLLUTION CONTROL IN ARIZONA**

The Arizona Department of Environmental Quality (ADEQ) proposes two actions through this public notice. First, ADEQ proposes to issue Significant Permit Revision Number 97168, revision to Air Quality Control Permit Number 39948, to ASARCO LLC - Hayden Operations for the Uptake Improvement Project, Fuming Ladle Control Project and the Anode Furnaces Secondary Hood Project. In addition, it includes lead emissions limitations at the Hayden Smelter under Attachment "P": Hayden Smelter Site-Specific SIP Requirements as part of the state implementation plan (SIP) for the Hayden Lead (Pb) Nonattainment Area (NAA) at the ASARCO - Hayden Smelter, a copper concentrator and smelter located at 100 N. Hayden Ave., Hayden, AZ 85135. Second, ADEQ proposes a revision to the Arizona SIP for the Hayden Pb NAA for the 2008 National Ambient Air Quality Standards (NAAQS). The mailing address for the facility is P.O. Box 8, Hayden, AZ 85135. The facility is subject to the requirements of the Federal Clean Air Act, Code of Federal Regulations, Arizona Revised Statute 49-426, and the Arizona Administrative Code, Title 18, Chapter 2. The facility emits the following air contaminants: coarse particulate matter with diameters 10 micrometers or less (PM<sub>10</sub>), fine particulate matter with diameters 2.5 micrometers or less (PM<sub>2.5</sub>), volatile organic compounds (VOCs), nitrogen oxides (NO<sub>x</sub>), sulfur dioxide (SO<sub>2</sub>), carbon monoxide (CO), and hazardous air pollutants (HAPs).

Under CAA section 179(c)(1), EPA determined that the Hayden Pb NAA failed to attain the 2008 Pb primary and secondary NAAQS by the applicable attainment date of October 3, 2019. As a result of this determination, the State of Arizona is required, under CAA section 179(d), to submit a revision to the Arizona SIP for the Hayden Pb NAA that, among other elements, provides for attainment of the 2008 Pb NAAQS as expeditiously as practicable but no later than January 31, 2027.

In addition, ADEQ will hold a public hearing on June 24, 2024 at 3:00 PM at the Hayden Senior Center, 520 N. Velasco Avenue, Hayden, AZ 85135, where you may comment in person. To submit written comments, include your name, mailing address, signature (and/or your agent or attorney signature) and clearly explain why the permit should or should not be issued.
