

# NOTICE OF INTENT (NOI)

for Arizona Pollutant Discharge Elimination System (AZPDES) Small Municipal Separate Storm Sewer System (MS4) General Permit (AZG2016-002)

Regulated small Municipal Separate Storm Sewer Systems (MS4s) must submit a Notice of Intent (NOI) to the Arizona Department of Environmental Quality (ADEQ) to obtain MS4 general permit coverage. Permittees must complete a NOI form and submit the original, ink-signed document to the address below:

Arizona Department of Environmental Quality  
Surface Water Section/ Stormwater & General Permits Unit (5415A-1)  
1110 West Washington Street  
Phoenix, AZ 85007

### A. SMALL MS4 INFORMATION

Legal Name of Municipality or Organization:  
City of Nogales

Choose one:  Existing Permittee  New Permittee Operator Type: City

Mailing Address: 777 N. Grand Avenue County: Santa Cruz

City: Nogales State: Arizona Zip Code: 85621

Latitude/ Longitude at approximate geographic center of MS4 (D/M/S):  
31\*21'25" 110\*55'35"

### B. PRIMARY MS4 PROGRAM MANAGER CONTACT PERSON

Name: Stephen J. Tencza, P.E. Title: MS4 Coordinator

Department: Public Works – Utilities Division

Mailing Address: 1450 N. Hohokam Drive

City: Nogales State: Arizona Zip Code: 85621

Phone Number: (520) 604 0731 Fax Number: (520) 287 8352 Email Address: stencza@nogalesaz.gov

Has another governmental entity agreed to satisfy any of your permit obligations?  Yes  No

If "yes" to the above question, name the other governmental entity and describe the agreement(s) between entities:

Although no other governmental entity has agreed to satisfy any of Nogales' permit obligations, the United States Section of the International Boundary and Water Commission (USIBWC) has responsibility for Mexican discharges that eventually enter the City's watershed.

<b>C. BILLING INFORMATION</b>		
Same as Primary MS4 Program Manager Contact Person Information? If "yes," proceed to Section D.		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Name: Click here to enter text.	Title: Click here to enter text.	
Department: Click here to enter text.		
Mailing Address: Click here to enter text.		
City: Click here to enter text.	State: Click here to enter text.	Zip Code: Click here to enter text.
Phone Number: Click here to enter text.	Fax Number: Click here to enter text.	Email Address: Click here to enter text.
<b>D. ENFORCEMENT AUTHORITY OR OTHER MECHANISM</b>		
<b>Illicit Discharge Detection and Elimination (IDDE) Enforcement Authority or other mechanism established?</b>		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Describe IDDE Enforcement Authority or other mechanism: City of Nogales, Ordinance No. 02007 – 10 - 007		
Name of Enforcement Authority or other mechanism: City of Nogales, City Attorney, following unsuccessful efforts by other city departments to obtain compliance.		Effective Date or Estimated Date of Adoption: 11/7/2007
<b>Construction Site Stormwater Runoff Enforcement Authority or other mechanism established?</b>		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Describe Construction Site Stormwater Enforcement Authority or other mechanism: City of Nogales, Ordinance No. 02007 – 10 - 007		
Name of Enforcement Authority or other mechanism: City of Nogales, City Attorney, following unsuccessful efforts by other city departments to obtain compliance.		Effective Date or Estimated Date of Adoption: 11/7/2007
<b>Post-Construction Stormwater Management Enforcement Authority or other mechanism established?</b>		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Describe Post-Construction Enforcement Authority or other mechanism: City of Nogales, Ordinance No. 02007 – 10 - 007		
Name of Enforcement Authority or other mechanism: City of Nogales, City Attorney, following unsuccessful efforts by other city departments to obtain compliance.		Effective Date or Estimated Date of Adoption: 11/7/2007

<b>E. MAPPING COMPONENTS</b>				
1. Stormwater Sewer Mapping (including roads with drainage system, municipal streets, catch basins, curbs, gutter, ditches, man-made channels, or storm drains that are owned or operated by the permittee and convey stormwater to Waters of the US)		Percent Complete at time of NOI submission <b>50%</b>		
If 100% of requirements are NOT met for an existing permittee and for all new permittees, include a timeline, measurable goals, and estimated date of completion (MM/YY) for Stormwater Sewer Mapping: <b>75% of the stormwater sewer system will be mapped by 09/30/17</b>				
2. Outfall Mapping		Percent Complete at time of NOI submission <b>70%</b>		
If 100% of requirements are NOT met for an existing permittee and for all new permittees, include a timeline, measurable goals, and estimated date of completion (MM/YY) for Outfall Mapping: <b>90% of the Outfall Mapping will be completed by 09/30/17</b>				
3. Identification of Receiving Waters (names and locations of all the Waters of the US that receive discharge from those outfalls)		Percent Complete at time of NOI submission <b>100%</b>		
If 100% of requirements are NOT met for an existing permittee and for all new permittees, include a timeline, measurable goals, and estimated date of completion (MM/YY) for Receiving Water Identification: Click here to enter text.				
<b>F. SUMMARY OF RECEIVING WATERS</b>				
Does the MS4 have outfalls that discharge to Waters listed in A.A.C. R18-11 Article 1, Appendix B?		<input checked="" type="checkbox"/> Yes		<input type="checkbox"/> No
If "yes" the MS4 discharges to receiving water(s) listed in A.A.C. R18-11 Article 1, Appendix B, then the following section must be completed. If "no" discharges occur to receiving water(s) listed in A.A.C. R18-11 Article 1, Appendix B, then the following section does <u>not</u> need to be filled out, proceed to Section G. If you answer "yes," the receiving water segment is Impaired, Not-Attaining or an Outstanding Arizona Water (OAW), you must also complete Part H.3- Impaired, Not-Attaining and OAWs and BMPs.				
Identify Appendix B surface water(s) that receives discharge(s) from the MS4	Number of outfalls discharging to receiving water?	Is the receiving water listed as an Impaired, Not-Attaining or OAW (choose one)?	List Pollutant(s) causing the Impairment(s):	Does the receiving water have a TMDL?
Nogales Wash		Yes Impaired	Industrial wastes including, but not limited to, vehicular hydrocarbons, coolants, manufacturing waste solvents, industrial dyes, etc. Domestic wastes include, but are not limited to, sanitary sewage overflows, household paints, solvents, cleaning supplies, etc.	No

## G. STORMWATER MANAGEMENT PROGRAM (SWMP) SUMMARY

### G-1. MCM 1: Public Education and Outreach

For MCM 1- Public Education and Outreach, use the pull down menu to indicate the BMP Category (column 1). You may override the selection and type in your own BMP. Include a brief description of the BMP (column 2) including the personnel position or department(s) responsible. Describe the Measureable Goals (column 3) for each BMP, including the targeted audience such as commercial, construction, industrial or residential for MCM 1. Column 3 should include milestones, timeframes and frequencies. Insert the month and year (MM/YY) in the Start Date (column 4) to indicate the date the BMP was initiated or enter your own text to override the selection.

BMP Category (enter your own text to override the drop down menu)	BMP Description (include personnel position or department responsible)	Measurable Goals (include milestones, timeframes and frequencies) and include the Targeted Audience	Start Date (MM/YY) (enter your own text to override the drop down menu)
Article	Stormwater pollution and prevention education/informational pamphlets, Public Works Department	Continue, and expand, the Public Works Department's efforts to provide public access to this information by inserting the material in with utility customer billings, open posting at City Hall and Public Works Building, and on the City's website.	04/17
Display/ Posters	Information from various agencies are on display at the Public Works Building	Add up-to-date information and remove older data	04/17
Webpage	MS4 Coordinator reviews Webpage notices and updates as needed	Check Webpage on a quarterly basis	04/17
School Event	MS4 Coordinator makes presentations to students, to educate them regarding the MS4 program.	At least two schools will be approached yearly	07/17
Press Release	City of Nogales' public relations officer will issue press releases provided by the MS4 Coordinator	At least three PR's will be published yearly.	06/17

### **MCM 1: Public Education and Outreach**

Use this space to add any additional information for MCM1:

The City of Nogales has a multi-faceted program to reach out to its residents. These facets include, but are not limited to, education in pamphlets, brochures, and posters. City personnel who observe improper/undesireable situations are trained to educate, rather than berate the creator(s) of the situation. The MS4 Coordinator responds to requests to speak at gatherings of persons interested in maintaining and/or improving the environment. Environmental improvement groups would include, as an example, Friends of the Santa Cruz River. The MS4 Coordinator will work closely with the City's Pretreatment Officer and Fleet Manager to assure that a good example is made for the public of how the City practices what it expects from the public. An example would be using environmentally friendly brake pads for its vehicles.

**G-2. MCM 2: Public Involvement and Participation**

For MCM 2- Public Involvement and Participation, use the pull down menu to indicate the BMP Category (column 1). You may override the selection and type in your own BMP. Include a brief description of the BMP (column 2) including the personnel position or department(s) responsible. Describe the Measureable Goals (column 3) for each BMP. Column 3 should include milestones, timeframes and frequencies. Insert the month and year (MM/YY) in the Start Date (column 4) to indicate the date the BMP was initiated or enter your own text to override the selection.

BMP Category (enter your own text to override the drop down menu)	BMP Description (include personnel position or department responsible)	Measurable Goals (include milestones, timeframes and frequencies)	Start Date (MM/YY) (enter your own text to override the drop down menu)
Public Involvement	The City maintains, and publicizes a community hotline at City Hall IT department will create a phantom e4mail for stormwater issues.	Received reports are tracked and recorded in a GIS data base, as well as governmental Q/A. The MS4 Coordinator will weekly review the reports and alert the appropriate City Department if and when action needs to be taken.	04/17
Public Participation	A semi-annual hazardous waste drop off/ collection is sponsored by the City of Nogales	The types and quantity of each received hazardous waste is tabulated and kept in a data base. The MS4 Coordinator will integrate the abilities of the various City departments, like Public Works , police, and Fire to assure that the drop off / collection site is safe, secure and easily accessible to the public. A semi-annual event is anticipated.	11/17
Public Involvement	The MS4 Coordinator will consult with volunteer groups like the Boy Scouts of America, Friends of the Santa Cruz River, etc. re: activities they could assist with.	Telephonic, email, and personal visits will be the contact mechanisms, to be used as the occasion arises. Community support groups like the Rotary Club will be approached.	04/17

-----------------	---------------------------	---------------------------	-----------------

## **MCM 2: Public Involvement and Participation**

Use this space to add any additional information about MCM2:

The public is encouraged to take a proactive role in being involved with the City's programs. The Mayor and Council have traditionally had a call to the public item on their agenda for public meetings. Service groups are publicly recognized for their efforts in assisting the City. Interviews are freely granted to the local media relating to planned special events and grants received for public improvement projects. City administration includes a City Manager and Deputy City Manager who repond to public involvement and participation groups or individuals.

**G-3. MCM 3: Illicit Discharge Detection and Elimination (IDDE) Program**

For MCM 3- Illicit Discharge Detection and Elimination (IDDE) Program, use the pull down menu to indicate the BMP Category (column 1). You may override the selection and type in your own BMP. Include a brief description of the BMP (column 2) including the personnel position or department(s) responsible. Describe the Measurable Goals (column 3) for each BMP. Column 3 should include milestones, timeframes and frequencies. Insert the month and year (MM/YY) in the Start Date (column 4) to indicate the date the BMP was initiated or enter your own text to override the selection.

BMP Category (enter your own text to override the drop down menu)	BMP Description (include personnel position or department responsible)	Measurable Goals (include milestones, timeframes and frequencies)	Start Date (MM/YY) (enter your own text to override the drop down menu)
Training	The MS4 Coordinator will provide training for the detection and elimination of illicit discharges.	Throughout the year 2017 three training sessions will be held for staff and/or the public regarding the IDDE program.	08/17
Outfall Inventory	The MS4 Coordinator takes the lead in inventorying the Nogales wash outfalls.	An additional 20% of the inventory will be processed during 2017	08/17
Implement IDDE Program	The Pretreatment Officer and the MS4 Coordinator will schedule their time to Execute the IDDE program	A draft manual for the IDDE program will be developed for review by City upper management	02/18
Dry Weather Screening	The MS4 Coordinator, with assistance from appropriate City personnel, will site visit wet weather problematic areas during dry weather periods.	Frequencies of visits will be daily, weekly, and monthly, as circumstances dictate.	04/17
Wet Weather Monitoring	The MS4 Coordinator will immediately respond to wet weather events to photograph severity of stormwater problems, and record observations/recommendations into the electronic data base.	Frequency of responses will be as the weather requires.	06/17
Stormwater Sewer Mapping	The City's consultant and its MS4 Coordinator will execute the the activity.	The activity will be executed on a schedule that will be dependent on the availability of personnel.	04/17
Implement IDDE Program	The MS4 Coordinator will implement this program with the assistance of appropriate city personnel.	Implementation of the IDDE program will be continuous.	04/17
Written IDDE Procedures	Written IDDE procedures will be reviewed and updated as necessary by the MS4 Coordinator, with input from City staff.	The activity will be on a yearly basis.	09/17

Analytical Monitoring	The MS4 Coordinator, together with its GIS consultant, and Utilities Director, will monitor analytical data.	This activity will be on a bi-monthly basis.	07/17

### **MCM 3: Illicit Discharge Detection and Elimination (IDDE) Program**

Use this space to add any additional information about MCM3:

The City encourages cleaning of commercial parking areas by those without first flush cleaning technology. The City of Nogales has hired an experienced new employee as the MS4 Coordinator, who will be engaged in the IDDE program along with the City's pretreatment officer. An expanded, updated education /training program on IDDE will be presented to City field personnel and any volunteer group that the city will use.

**G-4. MCM 4: Construction Activity Stormwater Runoff Control**

For MCM 4- Construction Activity Stormwater Runoff Control, use the pull down menu to indicate the BMP Category (column 1). You may override the selection and type in your own BMP. Include a brief description of the BMP (column 2) including the personnel position or department(s) responsible. Describe the Measureable Goals (column 3) for each BMP. Column 3 should include milestones, timeframes and frequencies. Insert the month and year (MM/YY) in the Start Date (column 4) to indicate the date the BMP was initiated or enter your own text to override the selection.

BMP Category (enter your own text to override the drop down menu)	BMP Description (include personnel position or department responsible)	Measurable Goals (include milestones, timeframes and frequencies)	Start Date (MM/YY) (enter your own text to override the drop down menu)
Education/ Public Involvement	The MS4 Coordinator will interact with construction company owners and superintendents.	At least one (1) company that is currently doing work in Nogales city limits will be approached each month.	05/17
Inspections	The MS4 Coordinator will join the group of Public Works employees who have inspection experience.	On a weekly, or sooner, if necessary, basis, inspections will be made of all major construction sites that are active.	04/17
Enforcement	The City of Nogales will use procedures stated in its ordinance.	Enforcement will occur on an as-needed basis.	04/17
Site Plan Review	The MS4 Coordinator will assist the City Engineer, Utilities Director and Planning&Zoning in reviewing proposed plans prior to approval for construction.	Plan review assistance will be done on as as-needed basis.	04/17
Training	The MS4 coordinator will join the City Engineer and Utilities Director in training for, then passing the tests for certification in Floodplain Management and Project Surveillance	Tests are given yearly , in Tucson on May 17 <sup>th</sup> , and online.	05/17
Written Procedures	The MS4 Coordinator will provide input to the City Engineer, Utilities Director, and Planning & Zoning re: changes and additions to the existing written procedures.	Input will be provided when needed.	04/17

#### **MCM 4: Construction Activity Stormwater Runoff Control**

Use this space to add any additional information about MCM4:

Nogales, Arizona is subject to intense rainfalls, termed “monsoons”, during the official season starting June 15<sup>th</sup> and ending September 30<sup>th</sup>. These storm events frequently cause widespread flooding of public rights of ways and overloading of constructed drainage facilities (open channels and pipe culverts). Construction sites for both public and privately owned projects are usually impacted by the flooded rights of way and overloaded drainage facilities, as well as contributing to the problem by having stormwater generated onsite being released to the waters of the United States.

The City’s Departments, including Fire, Police, and Public Works, prepare each year to alleviate inconvenience to the public by having several stormwater management plans. The MS4 Coordinator will be assisting these Departments, especially in the control of stormwater runoff from construction sites. Prior to approving a project for construction within City limits, The MS4 Coordinator will input to the construction plans review process, to be sure the constructor employs best management practices for control of stormwater related to the construction site.

**G-5. MCM 5: Post-Construction Stormwater Management in New Development and Redevelopment**

For MCM 5- Post-Construction Stormwater Management in New Development and Redevelopment, use the pull down menu to indicate the BMP Category (column 1). You may override the selection and type in your own BMP. Include a brief description of the BMP (column 2) including the personnel position or department(s) responsible. Describe the Measureable Goals (column 3) for each BMP. Column 3 should include milestones, timeframes and frequencies. Insert the month and year (MM/YY) in the Start Date (column 4) to indicate the date the BMP was initiated or enter your own text to override the selection.

BMP Category (enter your own text to override the drop down menu)	BMP Description (include personnel position or department responsible)	Measurable Goals (include milestones, timeframes and frequencies)	Start Date (MM/YY) (enter your own text to override the drop down menu)
Site Plan Reviews	The MS4 Coordinator with be participatory to the City's sequential plan review process regarding post-construction stormwater management in new development and redevelopment.	Following the receipt of the project owner's Notice of Termination, the City will promptly engage its sequential plan review process.	04/17
Runoff Control Assessment	The City Engineer, together with the MS4 Coordinator, will be responsible for this task.	Assessment of runoff control will be performed as needed.	04/17
Training	Training will be done by the MS4 Coordinator, with assistance from the Pretreatment Officer and the City engineer.	Semi-annual training sessions are anticipated.	04/17
Green Infrastructure	The City of Nogales' website states that the City is striving to be a green municipality. The City Engineer takes the lead in review and approval of green infrastructure plans and specifications.	Track the completed projects and report the performance of them on an annual basis.	04/17
Training	The MS4 Coordinator will be responsible for conducting training to city staff.	Training will be conducted on an as-needed basis, but at least yearly.	08/17

**MCM 5: Post-Construction Stormwater Management in New Development and Redevelopment**

Use this space to add any additional information about MCM5:

To bolster the management of post-construction management of new development and redevelopment, the City will rely on the stormwater pollution prevention plan(SWPPP) on file for the completed project.

**G-6. MCM 6: Pollution Prevention and Good Housekeeping**

For MCM 6- Pollution Prevention and Good Housekeeping, Insert the Facility Name applicable to the MS4. Use the pull down menu to indicate the BMP Category (column 1). You may override the selection and type in your own BMP. Include a brief description of the BMP (column 2) including the personnel position or department(s) responsible. Describe the Measureable Goals (column 3) for each BMP. Column 3 should include milestones, timeframes and frequencies. Insert the month and year (MM/YY) in the Start Date (column 4) to indicate the date the BMP was initiated or enter your own text to override the selection. For those BMPs that are not Facility specific, use the rows after the Facility Name inserts.

BMP Category (enter your own text to override the drop down menu)	BMP Description (include personnel position or department responsible)	Measurable Goals (include milestones, timeframes and frequencies)	Start Date (MM/YY) (enter your own text to override the drop down menu)
Insert Facility Name: <b>Storm Drain System</b>			
Cleaning Inlets/ Basins	City streets maintenance department will be tasked.	Use GIS data and work orders to have a priority list.	07/17
Insert Facility Name: <b>City maintained streets and alleys</b>			
Street Sweeping	Streets department has the responsibility	The City has recently purchd, and is using daily, two complete street sweepers.	04/17
Insert Facility Name: <b>City Hall</b>			
Written Procedures	Each department has written guidance tailored for the department's function.	Procedures are modified on an as-needed basis.	04/17
Insert Facility Name: <b>Public Works Building/yard</b>			
Solid Waste Dumpsters	Solid waste personnel will use both steam and power washes	Personal protective gear will be worn during these actions	04/17
Insert Facility Name: <b>Public Works Building/yard</b>			
Fueling station	Caution signs in Spanish will be placed near the pumps./	Spill containment facilities will be replaced/refurbished	04/17
Insert Facility Name: Click here to enter text.			
Choose an item.	Click here to enter text.	Click here to enter text.	Choose an item.
Insert Pollution Prevention and Good Housekeeping BMPs that are not facility specific below			
Parks & Recreation	Leaf blower usage will be minimized to better protect the employees' hearing , lessen the inadvertent spread of disease-causing particles, and abate noise within the public domain	Hand raking and shop vacuums will be used more frequently.	08/17

Training	Those having expertise in MS4 related functions will be requested to provide brief training sessions to City employees.	For example, the pretreatment Officer will use audio/visual aids to refresh employees' knowledge of MS4 practices.	06/17

## **MCM 6 Pollution Prevention and Good Housekeeping**

Use this space to add any additional information about MCM6:

The City has hired consultants having various expertise to assist the staff in better developing its good housekeeping program. A data base is being used and is continuing to grow and develop to ascertain where improvements are needed.

## H. MONITORING

### 1. DRY WEATHER VISUAL OUTFALL MONITORING

Has a dry weather visual discharge monitoring program been developed?

Yes

No

If the above answer is "yes," provide the actual date of implementation:

Click here to enter a date.

If the above answer is "no," provide estimated date of completion:

5/31/2017

Estimated total number of municipal stormwater outfalls

Percent of total number of municipal stormwater outfalls to be monitored each year

eighty

70%

### 2.A VISUAL STORMWATER DISCHARGE MONITORING

Below identify a minimum of five outfalls or field screening points for the visual stormwater discharge monitoring program

Outfall or field screening point identification number	Name of receiving water	Is the receiving water listed as an Impaired, Not-Attaining or OAW (choose one)?
International border	Nogales Wash	Yes Impaired
Start of openchannel	Nogales Wash	Yes Impaired
End of open channel	Nogales Wash	Yes Impaired
Click here to enter text.	Click here to enter text.	Choose an item.
Click here to enter text.	Click here to enter text.	Choose an item.

### 2.B VISUAL STORMWATER DISCHARGE MONITORING ALTERNATIVE

Are you proposing a visual stormwater discharge monitoring alternative?

Yes

No

If "yes" a visual stormwater discharge monitoring alternative is being proposed, provide a description of the proposed alternative and how the proposed alternative is as effective as, or is more effective than, visual stormwater discharge monitoring in the space below.

Click here to enter text.

### 3. IMPAIRED, NOT-ATTAINING AND OAW MONITORING AND BMPS

Part H.3 is to be completed only if the MS4 has outfalls that discharge to an Impaired, Not-Attaining or Outstanding Arizona Water (OAW), or a combination there of.

Has a Sampling and Analysis Plan (SAP) been developed in accordance with permit Part 5.1.g?

Yes

No

If the above answer is "no," provide an estimated date of completion for the SAP:

5/31/2017

List each individual receiving water that is Impaired, Not-Attaining or an OAW that the MS4 discharges to	How many outfalls will be sampled?	List outfall ID or unique identification	List parameter(s) to be analyzed	Provide a description of how the selected BMPs will specifically address the pollutant(s) causing the impairments or how the BMPS will be protective of the OAW

Nogales Wash	3	Unknown	NH4,CU,CL,e-coli	Inform the USIBWC (federal gov't) of sampling results at the international border with Mexico. That agency has treaty agreements that provide for education of Mexican businesses that might be discharging wastes to the Mexican storm drains. Educate downtown Nogales, Az businesses not to discharge liquids (that might contain the listed parameters) to the storm drain s. Also, continue to receive and evaluate weekly data from sampling done by the USIBWC Obtain and evaluate data from regular sampling of Nogales Wash water quality done by ADEQ's Tucson office. Adjust the City of Nogales, Az sampling to reflect and complement of that done by the USIBWC and ADEQ.

<b>I. NOTES AND ADDITIONAL INFORMATION</b>				
<p>Use the space below to provide any additional information about the MS4 program.</p> <p>The City has hired an experienced person whose only responsibility is the MS4. Consultants are being contracted with to assist the MS4 Coordinator on an as-needed basis.</p>				
<b>J. FEES</b>				
<p>Fill out either Part A for a New Permittee or Part B for an Existing Permittee. If a New Permittee, choose one check box below to indicate the MS4s population and applicable initial permit fee. Insert the total payment included with the NOI in the text box. If an Existing Permittee, choose one check box below to indicate the MS4s population. Note: The estimated MS4 population should be based on latest Decennial Census by the Bureau of Census.</p>				

Part A

New Permittee.

I confirm the correct fee payment is included with the NOI.

- <or = to 10,000: \$2,500
- >10,000 but ≤ 100,000: \$5,000
- > 100,000: \$7,500
- Non-traditional MS4 such as hospital, college or military: \$5,000

Total fee payment included: [Click here to enter text.](#)

Part B

Existing Permittee.

No fee is required for NOI submission. You will continue to be invoiced on your current annual fee billing cycle.

- <or = to 10,000
- >10,000 but ≤ 100,000
- > 100,000
- Non-traditional MS4 such as hospital, college or military

**K. CERTIFICATION**

Pursuant to A.R.S. § 41-1030:

(1) ADEQ shall not base a licensing decision, in whole or in part, on a requirement or condition not specifically authorized by statute or rule. General authority in a statute does not authorize a requirement or condition unless a rule is made pursuant to it that specifically authorizes the requirement or condition.

(2) Prohibited licensing decisions may be challenged in a private civil action. Relief may be awarded to the prevailing party against ADEQ, including reasonable attorney fees, damages, and all fees associated with the license application.

(3) ADEQ employees may not intentionally or knowingly violate the requirement for specific licensing authority. Violation is cause for disciplinary action or dismissal, pursuant to ADEQ's adopted personnel policy. ADEQ employees are still afforded the immunity in A.R.S. §§ 12-821.01 and 12-820.02.

I certify under penalty of law that I have met the eligibility conditions of this permit and that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, I certify that the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I certify that I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.
