

Former Williams Air Force Base STAY INFORMED

Former Williams Air Force Base Restoration Advisory Board (RAB) Proposed RAB Adjournment Public Comment Period

The Williams RAB is composed of volunteer community members, as well as federal, state and local representatives who meet to advise the Air Force on environmental restoration efforts at the former base.

All Williams Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) sites now have a documented cleanup decision.

The last remaining cleanup decision document (the Operable Unit 6 Record of Decision) was signed last spring and the majority of the Williams property has been transferred from the military for redevelopment under the Base Realignment and Closure Act.

As a result of all these factors, the Air Force now invites the public to comment on the proposal to adjourn the Williams AFB RAB.

The 30-day public comment period begins Nov. 18, 2018, and ends Dec. 18, 2018.

Information on environmental restoration efforts will continue to be made available to the public as necessary through news releases to local papers, public notices, briefings to special interest groups, and online at <https://www.afcec.af.mil/Home/BRAC/Williams/>.

Questions or comments on the proposed RAB adjournment should be sent to:
