

OUR MISSION AND VISION

The Arizona Department of Environmental Quality's (ADEQ's) mission is to protect and enhance public health and the unique environment in Arizona. To achieve this, ADEQ administers the state's environmental laws and delegated federal programs to prevent pollution of the air, water and land, and to ensure cleanup when pollution occurs.

ADEQ's vision is to be the No. 1 state in the nation in:

- Balanced, leading edge
 environmental protection through
- Technical and operational excellence, and
- Radical simplicity for customers and staff

FOREWORD

To ensure Arizonans have clean water and unencumbered land for development today and for our future, the Water Quality Assurance Revolving Fund (WQARF) program identifies, assesses and mitigates the threat of contamination to groundwater and overlying soil at hazardous waste sites in Arizona. ADEQ has a proven record for cleaning up sites and continually evaluates viable technical and administrative options to speed cleanup through lean management principles. Using the Arizona Management System, we've dramatically reduced the average time to implement remedies at WQARF sites from more than eight years in FY14 to just months in FY21.

For the first time in WQARF history, ADEQ successfully advanced all listed sites through the Remedial Investigation (RI) phase to the Feasibility Study (FS) phase of the process. Treatment systems funded at three WQARF sites are continuing to provide essential drinking water for communities in Tucson, Payson and Flowing Wells, and must be a priority. WQARF program funds also are committed to addressing current threats to Tucson's drinking water supply.

It's because of this proven record, along with the support of our state legislature, that for the first time since the Great Recession, the WQARF program has been fully funded in the baseline budget from the Corporate Income Tax. This budgetary success is not lost on the agency. We are committed to continuing to identify effective cleanup options, executing well-planned mobilizations to assess contamination efficiently, and deploying innovative cleanup technologies as they are developed and proven. We appreciate this critical funding and are dedicated to continuing to protect public health and the environment using effective financial stewardship.

ADEQ remains steadfast in carefully evaluating and listing new sites that require investigation and cleanup, working with affected communities to ensure community involvement, and moving WQARF sites through the process to cleanup and delisting. With full WQARF funding, we also will continue to respond to emergencies that involve hazardous materials, evaluate impacts from wildfires and continue to monitor Arizona's surface waters to ensure they meet applicable standards.

I want to personally thank all those involved in ensuring full funding of this important program and for continuing to support the agency and the mission work we do everyday to protect public health and the environment.

Misael Cabrera Director

EXECUTIVE SUMMARY

This report has been prepared for the WQARF as directed in Arizona Senate Bill 1823 (Laws 2021, Chapter 408) and meets the reporting requirements for the both the September 1 and October 1 deadlines.

Created under the Environmental Quality Act of 1986, the WQARF program supports the ADEQ in identifying, prioritizing, assessing and resolving the threat of contaminants in groundwater and overlying soil at sites in the state. In 1997, the WQARF Program underwent significant legislative reform that included a change from joint and several to proportionate liability; ensured annual funding of \$15 million to pay for the orphan share created from the new proportionate liability; enhanced community involvement; flexibility of cleanup methods and goals; and site prioritization.

of the state's worst hazardous waste sites are being cleaned up through WQARF

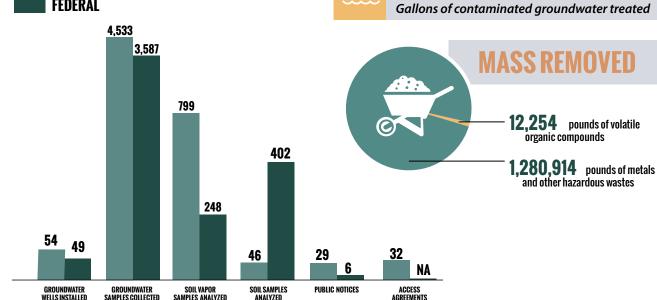

additional sites are being monitored or evaluated for WQARF listing

FY21 SUPPORTING ACTIVITIES FOR STATE AND FEDERAL SITES

FY21 MILESTONES

| Proposed Remedial Action Plans Completed

| Feasibility Study Completed

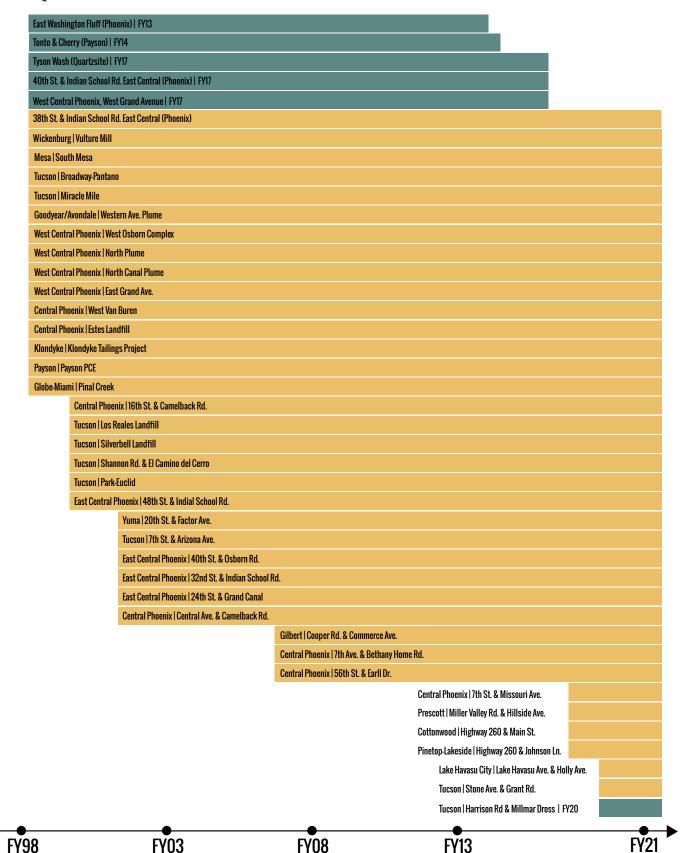

| Records of Decisions Completed

FY22 GOALS

During Operation and Maintenance, WQARF is increasingly focused on optimizing remedy effectiveness and improving technical performance to reduce costs and accelerate cleanup.

WQARF PROGRAM TIMELINE

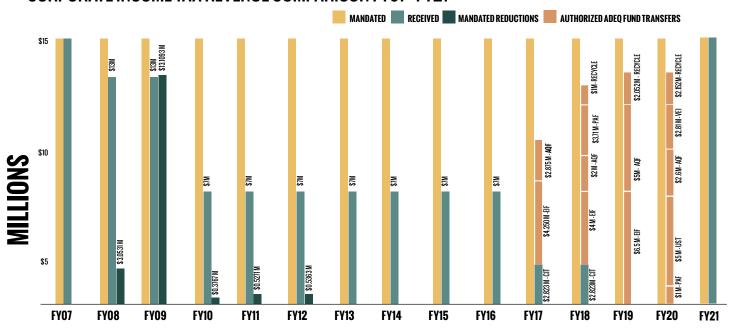

WQARF ANNUAL REPORT | 5 4 | WQARF ANNUAL REPORT

WQARF FUNDING

Arizona Revised Statutes (A.R.S) §49-282(B) has specified a cap of \$18 million annually with \$15 million of that coming from Corporate Income Tax (CIT) revenue. In FY20 and FY21, \$15 million was statutorily mandated from the state's general fund for the first time since 2007.

CORPORATE INCOME TAX REVENUE COMPARISON FY07 - FY21

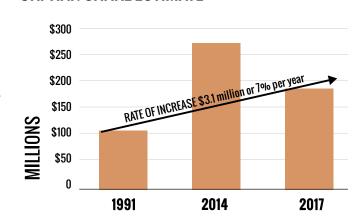

FUNDS ARE USED FOR:

WQARF Registry | Conduct remedial actions at sites currently in the WQARF program

- 3rd Party Work | Oversee privately funded cleanup efforts at WQARF Registry sites
- Cross-Program Remedial Action | Cleanup of selected sites and/or water quality data gathering for projects led by other programs within ADEQ
- Emergency Response | Immediate action to address confirmed contamination or threat of contamination that could impact public health and/or the environment
- Agency Partners | Work conducted by other State agencies
- Federal Oversight | Review and oversee work done by the Environmental Protection Agency (EPA) under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) 104
- Voluntary Remediation Program | Oversee voluntary cleanup funded by property owners and other interested parties

ORPHAN SHARE ESTIMATE

WQARF's orphan share liability estimate was modeled using Remedial Action Cost Engineering Requirements (RACER®) software, supported by AECOM Asset Management Division.

Orphan shares mean there is (are) no responsible party (parties) identified to fund their allocated share of cleanup, and State funds may be needed to address contamination.

WQARF's orphan share increased from 35 percent of the total liability in 1991 to 62.5 percent in 2014. In 2017, it was estimated at 58 percent. This means the State remains liable for potentially over half of the cleanup currently needed due to a lack of a 3rd party in place to address the contamination.

WQARF PHASES AND TERMS

PRELIMINARY INVESTIGATION (PI)

Confirm release of a hazardous substance and determine if further action or investigation is necessary

WOARF REGISTRY LISTING

Groundwater and/or soil contamination is at a level which impacts public health and/or the environment

POTENTIALLY RESPONSIBLE PARTY (PRP) SEARCH

Identify parties responsible for environmental contamination to assign proportional shares of liability to potentially pay for the cleanup; continues throughout process

EARLY RESPONSE ACTION (ERA)

Determine significant public health and/or environmental impacts that can be quickly addressed prior to implementing a final remedy

REMEDIAL INVESTIGATION (RI)

Determine the nature, extent, sources of contamination and impacts to public health, welfare and the environment

LAND AND WATER USE STUDY

Review of resource uses within the site area for establishing remedial objectives

REMEDIAL OBJECTIVES (RO) REPORT

Establishes the criteria to which a site will be cleaned up

FEASIBILITY STUDY (FS)

Documents remedial technologies and options that may achieve the ROs

PROPOSED REMEDIAL ACTION PLAN (PRAP)

Proposed cleanup remedy to show how each RO will be measured and fulfilled; provide cleanup cost estimate

RECORD OF DECISION (ROD)

Documents the agency's decision including cost, timeframes, contingency acceleration technologies and RO fulfillment

OPERATION AND MAINTENANCE

Conduct according to schedule applicable to the selected remedy

REMOVAL FROM REGISTRY

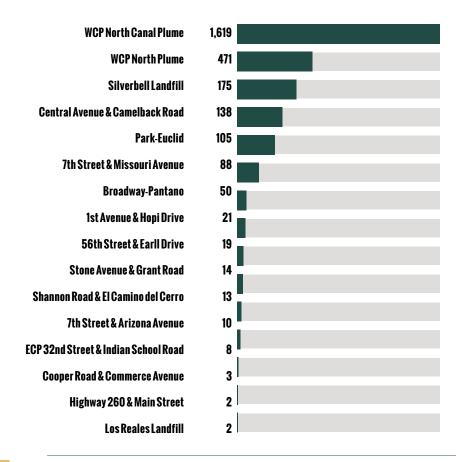

ADEQ determines that no further action is necessary and the site is removed from the WQARF registry

FY21 WQARF SITE MISSION OUTCOMES

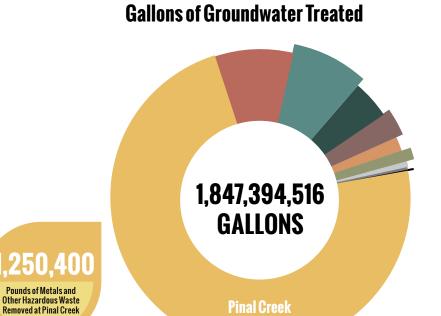

REMEDIATION:

Volatile Organic Compounds (VOCs) Removed

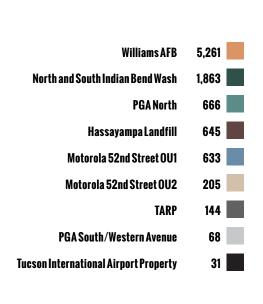

Pinal Creek 1.265.945.000 Silverbell Landfill 241,347,112 56th Street & Earll Drive 123.000.000 111,630,000 Shannon Road & El Camino del Cerro **Payson PCE** 39,801,259 36,481,170 Los Reales Landfill **Broadway-Pantano** 24,044,071 4.780.234 Miracle Mile Highway 260 & Main Street 3,340,670 Highway 260 & Johnson Lane 25,000

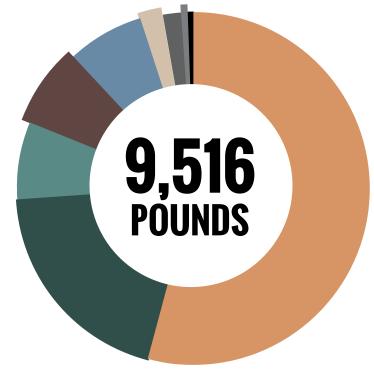

FY21 FEDERAL SITE MISSION OUTCOMES

REMEDIATION:

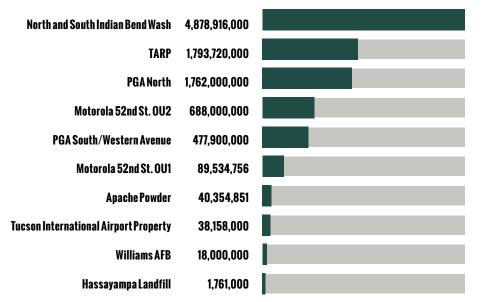

Volatile Organic Compounds (VOCs) Removed

30,514
Pounds of Contaminated
Soil Removed at
Apache Powder

Gallons of Groundwater Treated

FY21 WQARF REMEDIATION

PDF version available at azdeq.gov/wqarf/2021wqarf_annualreport.pdf. Click each of the following sites to visit associated webpages.

7TH STREET AND ARIZONA AVENUE

Continued operation of SVE system

7TH AVENUE AND BETHANY HOME ROAD

Expanded ERD groundwater treatmen system and continued ERD injections to groundwater

16TH STREET AND CAMELBACK

Continued MNA and ERD injections to groundwater

20TH STREET AND FACTOR AVENUE

Continued ERD injections to groundwater; engineered CAP maintenance

56TH STREET AND EARLL DRIVE

Continued operation of groundwater pump and treat system

BROADWAY-PANTANO

Engineered cap maintenance; continued ISCO groundwater treatment system at Broadway North Landfill; completed SVE operation at Broadway South Landfill

7TH STREET AND MISSOURI AVENUE

Continued operation of an in-situ groundwater treatment pilot test and continued operation of SVE system

CENTRAL AVENUE AND CAMELBACK ROAD

Continued operation of the SVE system

COOPER ROAD AND COMMERCE AVENUE

Conducted MNA and optimization of SVE system

ECP-24TH STREET AND GRAND CANAL

Continued operation of in-situ groundwater treatment system

WQARF REMEDIATION CONTINUED

ECP-32ND STREET AND INDIAN SCHOOL ROAD

Completed Proposed Remedial Action Plan; continued operation of ERD groundwater treatment pilot study and operation of SVE system

ECP-38TH STREET AND INDIAN SCHOOL

Conducted additional characterization of the groundwater plume

ECP-40TH STREET AND OSBORN ROAD

Completed Remedial Investigation and Feasibility Study

ECP-48TH STREET AND INDIAN SCHOOL ROAD

Continued groundwater monitoring and sampling of contaminant plume

ESTES LANDFILL

Continued MNA

HIGHWAY 260 AND JOHNSON LANE

Completed Record of Decision; continued operation of 3 wellhead treatment systems

LAKE HAVASU AVENUE AND HOLLY AVENUE

Completed hemedial investigation, initiated END groundwater treatment pi

HIGHWAY 260 AND MAIN STREET

Completed Remedial Investigation; installed and operated 10 new wellhead treatment systems; continued to operate existing wellhead treatment systems; initiated ERD groundwater treatment pilot test

KLONDYKE TAILINGS PROJECT

Maintenance of engineered repository

LOS REALES LANDFILL

Continued operation of pump and treat system

MILLER VALLEY AND HILLSIDE AVENUE

Conducted in-situ groundwater treatment pilot study

MIRACLE MILE

Completed Proposed Remedial Action Plan; continued operation of wellhead treatment system; data collection for the Record of Decision; provided bottled water to residents of mobile home with impacted drinking water

10 | WQARF ANNUAL REPORT | 11 | WQARF ANNUAL REPORT | 11

WQARF REMEDIATION CONTINUED

PARK-EUCLID

Completed Record of Decision and continued operation of SVE system

PAYSON PCE

Continued operation of groundwater treatment system

PINAL CREEK

Continued source control, groundwater remediation, and groundwater monitoring

SHANNON ROAD/EL CAMINO DEL CERRO

Continued operation of a groundwater treatment system for Metro Water to supply drinking water to residents

SILVERBELL LANDFILL

Continued operation of groundwater extraction and treatment system

SOUTH MESA

Continued operation of ISCO groundwater treatment pilot test

STONE AVENUE AND GRANT ROAD

Continued operation of SVE system

VULTURE MILL

Maintenance on soil cap

WCP-EAST GRAND AVENUE

Completed Proposed Remedial Action Plan; conducted groundwater monitoring and sampling

WCP-NORTH CANAL PLUME

Completed Proposed Remedial Action Plan; continued operation of SVE system

WCP-WEST OSBORN COMPLEX

WESTERN AVENUE PLUME

Continued operation of groundwater treatment system and MNA

WEST VAN BUREN

No significant activity

WCP-NORTH PLUME

Continued ERD injections to groundwater; operation and optimization of SVE system

WQARF REMEDIATION CONTINUED

REMOVED FROM REGISTRY

- Harrison Road and Millmar Road Dross (Tucson) | FY20
- 2. WCP West Grand Avenue (Phoenix) | FY17

3RD PARTY WORK

ADEQ also oversees WQARF site investigation and remedial activities that cooperating parties pay for and conduct. Costs ADEQ incurs for this oversight are recoverable.

Site	3rd Party	Terms of Activity
56th Street and Earll Drive	NXP USA, Inc. (formerly Freescale Semiconductor, Inc.)	Consent Order
Los Reales Landfill	City of Tucson	Remedial Action Plan
Park-Euclid	Park-Euclid Group	Working Agreement
Pinal Creek	Freeport McMoRan Inc. as successors of interest under a Consent Decree; BHP and Pinal Creek Working Group	Consent Decree
Silverbell Landfill	City of Tucson	Remedial Action Plan
West Central Phoenix (WCP) - East Grand Avenue	Univar	Working Agreement
West Van Buren	Air Liquide America Specialty Gases LLC	Amended Consent Order

CROSS-PROGRAM REMEDIAL ACTION

Program monies can also be used to perform Remedial Actions pursuant to A.R.S. §49-281(12) and §49-282(E)(2)(a), as well as to fund cleanup of selected sites to protect public health and the environment from a release or threat of release of a hazardous substance or pollutant under authority of A.R.S. §49-282.02.

Under this authority, the WQARF program conducted work at the following sites:

CENTRAL TUCSON PER- AND POLYFLUOROALKYL SUBSTANCES (PFAS) CHARACTERIZATION AND DEMONSTRATION TREATMENT PROJECT

ADEQ installed seven monitoring wells to characterize the nature and extent of PFAS in the groundwater in central Tucson. ADEQ also initiated the design and construction demonstration remedy which consists of a wellhead treatment system at Tucson Water Well C-007A to remove PFAS from drinking water. The construction of the demonstration remedy is continuing into FY22.

MOUNTAIN VIEW ESTATES

Performed O&M of a soil cap for this former Superfund site.

Under this authority, the WQARF program also assisted the ADEQ Water Quality Division with the following:

SURFACE WATER QUALITY IMPROVEMENT

WQARF money helps provide the ADEQ Surface Water Quality Improvement Value Stream with data necessary to evaluate the quality of Arizona's waterbodies, develop watershed improvement plans, assess projects implemented and improve water quality throughout Arizona.

- ADEQ's Quality Assurance Program Plan was approved by EPA on February 16, 2020.
- Collected and analyzed 246 samples from 81 stream sites.
- Collected and analyzed 27 samples from 8 lakes.
- Completed 63 Streamflow Duration Assessment Method sites in support of the Surface Water Protection Program.
- Even during the global COVID-19 pandemic, ADEQ's Citizen Science Program, Arizona Water Watch, virtually trained 13 volunteer groups to sample waterbodies and collect important data.
- WQARF dollars helped remediate several legacy mining sites in FY21, helping to alleviate metal contamination in nearby impaired surface waters.

EMERGENCY RESPONSE

Program monies fund a wide array of critical remedial response actions taken by the Emergency Response Unit (ERU) to protect public health and the environment from a release or threat of release of a hazardous substance or pollutant through A.R.S. §49-282(E)(8).

ADEQ's Emergency Response Unit is on call 24/7 and worked with first responders and local emergency response authorities to respond to 104 incidents since FY2018. These include the 2021 Friedmans' six-alarm recycling fire – the largest in City of Phoenix history – and the Union Pacific Railroad rail car derailment at Tempe Town Lake in 2020.

These actions range from, but are not limited to:

- Responding to chemical spills
- Coordinating statewide emergency response actions (e.g., wildfires)
- Serving on multi-agency taskforces to address potential statewide health risks
- Monitoring air quality during unplanned or emergency events (e.g., industrial facility fires)
- Detecting and identifying potentially harmful chemicals for fire departments and public safety personnel

PREPAREDNESS RESPONSE SUMMARY

AIR QUALITY MONITORING SUPPORT FOR EMERGENCY RESPONSE

ADEQ ERU has partnered with Maricopa County Air Quality Division as the emergency response provider for incidents that occur after business hours. This initiative also includes assisting public safety personnel with air quality monitoring during incidents that have a high impact to the community in metropolitan areas in Maricopa County.

Since initiation of the program in November 2017, ADEQ ERU has provided support for:

• Over a dozen incident responses for air quality monitoring in the Phoenix area and over a dozen incidents for counties surrounding Maricopa

WILDFIRE SMOKE MONITORING

ERU conducted air quality and smoke monitoring for the Sawmill Fire and provided data for the Telegraph, Mescal, and Backbone Fires to help emergency managers make decisions regarding residents' safety. ERU also coordinated with the Air Quality Division to produce a single source of accurate and timely information regarding wildfires around the state and the overall impact that wildfires have on communities. This coordination is an ongoing effort.

AGENCY PARTNERS

ARIZONA DEPARTMENT OF WATER RESOURCES (ADWR)

Program monies can be used to fund support services to WQARF by the ADWR pursuant to A.R.S. §49-282(C) and §49-282(E)(12).

These services are part of the Arizona Water Quality Fund Program and include, but are not limited to:

- Performing technical review of well applications, such as Notices of Intent (NOIs) to Drill/Abandon/Deepen/Modify/Replace a Well, Applications to Drill and Operate a Non-Exempt Well, and Groundwater Withdrawal Permits* and consult with ADEQ regarding new wells, abandonments, modifications to wells near remedial action sites
- Conducting well inventories to support WQARF program, as requested**
- Coordinating with ADEQ regarding database needs in support of WQARF program*
- Establishing a mechanism to exchange verified well locations and GPS measurements within ADWR's Well Registry (WELLS55)
- Performing other WQARF and water quality activities as required by statute, rule or Interagency Service Agreement (ISA)

FY21 ARIZONA WATER OUALITY FUND PROGRAM ACCOMPLISHMENTS

Reviews of NOIs to Drill/Abandon/Deepen/Modify/Replace wells for proximity to WQARF/CERCLA or other remedial action sites

> Reviews of NOIs to Drill/Abandon/Deepen/Modify/Replace wells near or within WQARF/CERCLA or other remedial action sites for water quality concerns, potential contaminant plume migration and well construction

Review of permit application to withdraw groundwater for proximity to WQARF/CERCLA or other remedial action sites

Quarterly reports submitted to ADEQ as required by ISA

Annual report on ADWR WQARF activities submitted to the Governor, Legislature and WQARF Program

Over the last five years, ADWR successfully designed and employed a more efficient process for collaborative review of NOIs near remedial action sites and selected the project as a Lean **Transformation in** Government project.

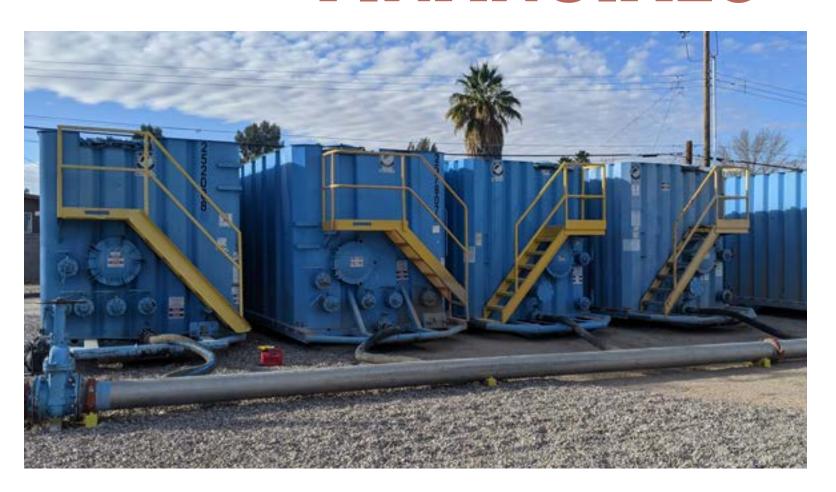

ARIZONA DEPARTMENT OF HEALTH SERVICES (ADHS)

Program monies can be used to fund assessment and evaluation of hazardous substances to public health by the ADHS pursuant to A.R.S. §9-282(E)(15).

ADHS did not request funding in FY21.

FY21 WQARF FINANCIALS

^{*}Required by statute or law

^{**}Recommended by Groundwater Cleanup Task Force

FY21 WQARF COST RECOVERY ACTIVITY

Pursuant to A.R.S. § 49-282(E)(1), WQARF can be used to provide state-matching funds or to meet other obligations as prescribed by §104 of Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). WQARF funds are also used for oversight activities at state-lead CERCLA sites, which are reimbursed by the responsible parties. Cost reimbursement activities at WQARF and CERCLA sites supported by ADEQ are provided in the following table.

SITE CODE	WQARF SITE	NUMBER OF PACKAGES	THIRD-PARTY

WQARF EXPENDITURE STATEMENT

Note:

All figures expressed in thousands.

CORE EXPENDITURES	FY22 SPENDING PLAN
WQARF Professional & Support Staff	4,766.6
Professional & Outside - Remedial Projects	177.1
Hydrologic Support & Assessment	1,389.6
Professional & Outside Hydrologic Support & Assessment	630.0
Emergency Response	526.4
Attorney General's Office	402.0
PRP Identification/Liability	75.0
Litigation	0.0
Appeals	0.0
Advisory Board	0.0
Rule Development	0.0
Community Involvement/General WQARF	0.0
Core Expenditures	7,966.7

REGISTRY SITES AND PRELIMINARY INVESTIGATIONS (PI)	FY22 SPENDING PLAN
RI/FS - Site-Specific WQARF	1,150.0
Clean up - Site-Specific WQARF	2,425.0
ERA	3,725.0
O&M	2,280.0
Community Involvement	20.0
Preliminary Investigations (PI)	400.0
Registry Sites & PI	10,000.0

Subtotal: WOARF Program	S 17.966.7

TRANSFERS AND DISBURSEMENTS	FY22 Spending Plan
Department of Health Services - Risk Assessment	0.0
Department of Water Resources - Appropriation Transfer Out	130.0
Aid to Municipalities	0.0
Voluntary Program	0.0
Subtotal: Transfers & Disbursements	130.0
