

PUBLIC NOTICE

NOTICE OF THE AVAILABILITY OF THE FEASIBILITY STUDY REPORT FOR THE 7th STREET & ARIZONA AVENUE WATER QUALITY ASSURANCE REVOLVING FUND (WQARF) REGISTRY SITE

The Arizona Department of Environmental Quality (ADEQ) has completed the Feasibility Study (FS) report for the 7th Street & Arizona Avenue WQARF Site in Tucson, Ariz. An FS is conducted to identify a remedy and alternative remedies that appear to be capable of achieving the established remedial objectives. Following the completion of the FS, ADEQ will prepare a proposed remedial action plan (PRAP) for the site. A notice will be issued and the public will have an opportunity to comment on the PRAP.

The 7th & Arizona Avenue WQARF site is generally bounded by 1st Street to the north, 4th Avenue to the east, 8th Street and the railroad to the south, and 10th Avenue to the west. The site consists of the former Oliver's Cleaners dry cleaning facility, now a parking lot and the associated downgradient perched aquifer (non-drinking water) groundwater that is contaminated with tetrachloroethene (PCE) and trichloroethene (TCE) over regulatory limits.

A copy of the FS report is available at the Main Library, 101 N. Stone Ave., Tucson, 3rd floor Reference Desk/Public Comment Documents. Call (520) 791-4393 for hours. It is also available Monday through Friday, 8:30 a.m. to 4:30 p.m., at the ADEQ Records Center, 1110 W. Washington St., Phoenix. In Phoenix, please call (602) 771-4380 or email recordscenter@azdeq.gov 24 hours in advance to schedule an appointment to review the file. A copy is also available at the ADEQ Southern Regional Office, 400 W. Congress, Suite 433, Tucson. Call (520) 628-6733 or (888) 271-9302 to arrange an appointment, 8:30 a.m. to 4:30 p.m., Monday - Friday. To view online, please visit http://www.azdeq.gov/environ/waste/sps/7th_Street_Arizona_Avenue.html.

Questions regarding the FS report should be directed to: Scott Green, Project Manager, (520) 770-3127 or via email at srg@azdeq.gov.

Dated this 6 day of May 2014
