

**NOTICE OF AVAILABILITY
MILLER VALLEY ROAD AND HILLSIDE AVENUE
WATER QUALITY ASSURANCE REVOLVING FUND (WQARF) SITE
FINAL REMEDIAL INVESTIGATION (RI) REPORT AND
FEASIBILITY STUDY (FS) WORKPLAN**

The Arizona Department of Environmental Quality (ADEQ) has completed the following two reports for the Miller Valley Road and Hillside Avenue Water Quality Assurance Revolving Fund (WQARF) site located in Prescott, Arizona:

1. The final remedial investigation (RI) report [Arizona Administrative Code R18-16-406(J)]. An RI is conducted to document the nature and extent of the contamination and the sources thereof; identify current and potential impacts to public health, welfare, and the environment; identify current and reasonably foreseeable uses of land and waters of the state; and obtain and evaluate any other information necessary for identification and comparison of alternative remedial actions. The final RI report includes the final remedial objectives report and responsiveness summaries regarding comments, issues and concerns raised during the community involvement process.
2. The feasibility study (FS) work plan to implement the FS [Arizona Administrative Code R18-16-404(C)(1)(d)]. An FS is conducted to identify a reference remedy and alternative remedies that appear to be capable of achieving established remedial objectives and to evaluate them based on the comparison criteria to select a remedy.

The Miller Valley Road and Hillside Avenue WQARF site consists of a plume bounded approximately by the Merritt Avenue alignment to the north, Miller Creek to the south, Division Street to the east and Miller Creek and Valley Street to the west. The contaminants of concern at the site are tetrachloroethene (PCE) and trichloroethene (TCE).

The final RI report and FS work plan for the Miller Valley Road and Hillside Avenue site is available for review online at: <https://azdeq.gov/node/2289>. The report is also available at the ADEQ Records Center, 1110 W. Washington St., Phoenix, (602) 771-4380, or (800) 234-5677, ext. 6027714380; please call for hours of operation to schedule an appointment.
