

Be An Arizona Water Keeper

Do you have what it takes to be an Arizona Water Keeper?

Protect nature and boost your fun with these four tips:

1 Be Prepared

Stay safe with plenty of water and sunscreen, pack out poop and litter, and check algae bloom conditions.

2 Pack Out Human & Pet Waste

Clean waterways are healthy waterways. Have a poop plan and don't leave any of it behind.

3 Keep it Clean

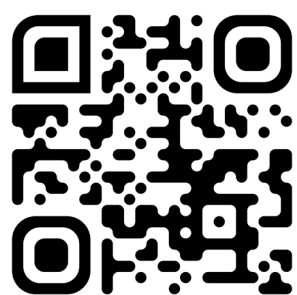

Keep it Clear

Protect animals, fish, and the food they depend on by not adding pollutants to the water.

4 Slow Erosion, Stay on Trail

Use parking areas and stay on designated trails to decrease soil erosion.
